KCVM/Cedar Falls-Waterloo recently sent fourteen families to Disney World as part of the ongoing "Jamie and Jim's Kids" charity program. PD Jamie Philips and morning show cohost Jim Coloff also had the "tough assignment" of hosting the morning show live from Disney-MGM studios on September 5 and 6, where family members were interviewed on the air. Jamie and Jim's Kids is a charity for children with chronic or life-threatening illnesses and their families. This is the third annual trip they've put together!

Feel just completed a special live show with WXRT/Chicago, where they have already received airplay on their lead single "Won't Stand In Your Way." The band is led by Scot Sax, formerly of Wanderlust and Bachelor Number One, and this AAA hit is already playing at WGVX/Minneapolis, WMMM/Madison, WRLT/Nashville, KCTY/Omaha and more! We promise not to "stand in your way" of adding and rotating a hit song for your adult audience. Curb

According to the Wausau Daily Herald, syndicated WLZR/Milwaukee morning co-host Bob Madden (of the Bob and Brian show) drove all the way to Wausau, WI (4 hours) to fight a ten dollar ticket for his failure to wear a seat-belt this past week. The amazing thing is that he actually won his case! Madden, who's show is heard in the Wausau area on WMZK, was ticketed March 3 as a passenger in his brother's car; although he claimed that he was wearing his belt. Apparently the court agreed, considering they dropped the matter completely. (However, after doing the arithmetic on 8 hours of driving and missing a day of work over a \$10 fine, we give Bob a C- in math... which, incidentally, will go on his permanent record!)

Honeymoon Suite's new single "The Way I Do" should arrive on your desk within a couple days for Hot A/C and rock. It's making some serious waves in Canada, as a standout track from the band's excellent new album "Lemon Tongue." Stay tuned! Wildfire

Greenwheel is a St. Louis band who has already proven its worth at rock and alternative with “**Breathe**”, the lead track from their debut album – and a song which impacts CHR and Hot A/C NOW. **Island-Def Jam** is on fire, in case you hadn’t noticed...breaking artist after artist in virtually every format! Greenwheel continues the tradition!

Clear Channel’s Sr. VP/Programming **Tom Owens** announced a strategic realignment of the radio division’s program management team earlier this week. Effective October 1st, the company is reorganizing programming along the previously established eight geographic regions. Under the new alignment, each region’s Sr. VP (SVP) will be teamed with a product partner dedicated to identically defined regions. Owens has appointed the following Product SVPs by region: Northeast — Product SVP **Dave Lange**; **Rob Williams**, Radio SVP. Mid-Atlantic — Product SVP **Harve Alan**; **Jim Shea**, Radio SVP. Southeast — Product SVP **Marc Chase**; **Peter Ferrara**, Radio SVP. Midwest — Product SVP **Gene Romano**; **Dave Crowl**, Radio SVP. Plains/Northwest — Product SVP **Jack Evans**; **Jay Meyers**, Radio SVP. Southwest/West Coast — Product SVP **Steve Smith**; **JD Freeman**, Radio SVP (Southwest) and **Charlie Rahilly**, Radio SVP (West Coast). Southwest/Central — Product SVP **Bill Richards**; **John Cullen**, Radio SVP. All of these changes come on the heels of the exit of Nashville-based Regional VP/Programming **Buddy Scott**, San Diego-based Regional VP/Programming **Rich Hawkins**, and Chicago-based Regional VP/Programming **Jack Taddeo**.

Martin Zellar and the Hardways are impacting AAA NOW with “**Scattered**”, an important new single from Martin’s fourth post-**Gear Daddies** solo album. Drive 105 begins airplay this week! If you still need a copy (or our exclusive “The Best of Martin Zellar & Gear Daddies” bootleg CD) let us know by calling (952) 927-4487 or emailing bsavage@main-st.net. **Owen Lee Recordings**

Good thing they were alumni dept: **My Star Communications’** Mod AC WZPL/Indianapolis morning show host **Dave Smiley** (of the “**Smiley Morning Show**”) recently completed an unplanned remote broadcast from the studios of KFMB/San Diego. While spending a weekend in Palm Springs, Smiley apparently missed his flight home to Indianapolis. So, he made the drive to San Diego’s “Star 100.7” (where both he and WZPL PD **Scott Sands** are alumni) and was able to connect via ISDN back to ZPL and complete the show. Scott Sands and Smiley both extend a major “thank you” to KFMB OM **Tracy Johnson**, **Dayna Monroe**, afternooner **Greg Simms**, and morning show engineer **Mike Sommerville** for making this surprise remote a reality with no advance notice! (And next, they’ll tell us that morning hosts don’t even have to reside in their home city on a regular basis!)

Now that the Minnesota Twins are set for post-season play, **Infinity’s** WCCO-AM/Twin Cities is NOT the exclusive home for Twins post season action. Because of its affiliation with ESPN Radio, **Clear Channel** sports-talk KFAN will provide national coverage of playoff games, including Twins games. In an article in the *Star Tribune*, WCCO VP/GM **Brian Whittemore** says he’s not concerned with the additional competition. “They will be running out of town broadcasters,” he says. “We have Hall of Famer **Herb Carneal**, World Series champion **Dan Gladden** and longtime play-by-play man **John Gordon**. Nobody can match that in this market.”

When you think of multi-format successes, **Bon Jovi** is one of the first artists mentioned in the discussion! “**Everyday**” is a bona fide smash hit for at Midwest CHR, rock, and Hot A/C stations. Added at WHTS, WBIZ, KFIZ and WMYX! **Island-Def Jam**

As if having another hit at radio wasn’t enough (with “Life Goes On”), **LeAnn Rimes** is now slated to star in a hit family-oriented baseball film *The Girl Who Struck Out Babe Ruth*. She’ll play Tennessee-born **Jackie Mitchell**, a minor league pitcher who, at 17, became the only woman to deny “hits” to baseball legends **Babe Ruth** and **Lou Gehrig** – striking them BOTH out. The true-life incident happened in 1931 when the New York Yankees, on their way to spring training, stopped for an exhibition game against her Chattanooga Lookouts. Rimes previously had acted in the 1999 movie *Coyote Ugly* and the TV shows *Moesha* and *Days of Our Lives*. And “Life Goes On” got a huge boost last week from RateTheMusic.com, who reported their research showed the new LeAnn single to have EXTREME hit potential (f 18-24=4.06, F 18-34=4.05, and f 25-34=4.03). Your job as PD is tough enough as it is, so stop second guessing the obvious. Add/rotate LeAnn with all the confidence in the world. You’ll be rewarded as only a hit can reward radio!

Mad At Gravity is rockin’ the airwaves at mainstream rock, alternative, and active rock. 93X is a major champion with 15 spins, Eau Claire’s 99.9 The Carp (WDRK) is spinning it 26 times, and Madison’s WJJO pounded “**Walk Away**” 19 times last week. Other stations who are **MAD** include KQRC, WRIF, WKLQ, KUPD, WHMH, KIBZ, KRRO and more! **ARTISTdirect**

This past Sunday (9/15) was **Ernie Harwell Day** at Comercia Park – as the retiring voice of Detroit Tigers baseball for the past 42 years, mostly on WJR-A/Detroit and most recently on cross-town WXYT-A, was honored before the Tigers-Royals game. The first 5,000 fans received an Ernie bobble-head doll and collector’s card, and the first 10,000 fans got a CD-ROM with highlights of Harwell’s career. Harwell is a member of the Baseball Hall of Fame.

Norah Jones picks up Sweet 98 and Star 102.5 this week! “**Don’t Know Why**” is an attention-grabbing multi format hit, and is selling tons of records. Everyone who hears it, *loves it!* KSTP, WMYX, KMXV, KEEZ, KLZR, KAYL, WKTI, KALC and many others are convinced. Are you? **Blue Note**

Congrats to MN broadcast veteran **Nancy Fuchs** as she lands a gig with **Hubbard’s** KSTP-AM/Twin Cities as evening news host. Current evening news host **John Heidt** has moved to the Noon to 6pm news position, replacing **Amy Alberts**. Nancy’s resume includes positions with the now-defunct **Netradio.com**, as well as several years in various positions with **Hilger Broadcasting’s** (now **Regent’s**) WJON and WWJO/ St. Cloud, MN.

"Fig" returns to WDBR/Springfield, IL! **Brian Figula** worked at WDBR in 2001, where he held a top-rated night shift. From there, he returned to his hometown of Flint, MI to complete school and work at CHR WWCK. Now, as of Monday, he will reprise his previous post as MD/night show host at WDBR. Current WDBR night slammer **Greg Hunter** seques to sister Classic Hits 100.5 WYMG.

A new shared-time situation has popped up in the Twin Cities as the University of Minnesota Board of Regents gets a CP for a new station in St. Louis Park, MN to share time and facilities with the St. Louis Park School District's existing non-comm 8 watt KDXL at 106.5 FM. (FYI - One of KDXL's most famous alum is the newly appointed **Jacobs Media** executive, **Andy Bloom**!)

Changes. WHHH/Indianapolis talent **Chris Schneider** joins **Mystar Communications'** cross-town WZPL for weekend duties. Also joining the WZPL staff as programming asst. for the "Smiley Morning Show" is **Brad Cameron**, formerly from HCTV-19 and play-by-play commentary on cross-town WEDM...KICT/Wichita night guy **Joe Roach** exited the **Journal** station this week...CHR WKHQ/Charlevoix, MI welcomes former KNDA/Corpus Christi Production Director **John Foxx** for nights beginning Monday (9/23)...Earlier this week **Cumulus'** Top 40/Mainstream KQTP/Topeka flipped formats to Classic Country as "US-103" with the station running TV ads at the same time as rival Country station WIBW made it's move from 97.3 to 94.5, Wednesday (9/18)...Alternative KRBZ/Kansas City has announced the hiring of former WKRR/Detroit talent **Scott Geiger** (aka **Lazlo**) for nights...KYKY/St. Louis taps weekender/mix show producer **Tim Burt** for Prod. Congrats to KFAN and Canterbury Park employee "Mr. Phunn" (**Joe Anderson**) on the recent birth of his son **Isaac Anderson**. Within a few months, Joe is hoping to train Isaac to fill in for him on The Fan. (Mr. Phunn likes taking days off!)

There's a format restructure at **Tri-County Broadcasting's** "Rockin' 101" WHMH-FM/St. Cloud. "The Rocker" has added new current songs by **U2, Tom Petty, the Rolling Stones, and Bon Jovi** to its playlist, and has also added some gold tracks from "classic rock" oriented artists. The station still plays primarily new rock artists, and this move brings them back towards their sound circa 1997-2000, when the station was a bit older-skewing.

Clear Channel's WZEE/Madison, WI has found itself embroiled in a lawsuit recently brought by a local listener who apparently broke his leg jumping into a pond while attempting to win U of W football tickets during a station promotion. **James Tucker** won the tickets, but he claims he couldn't actually use them because of his leg. He has also alleged that he's now missed 35 days of work and has amassed more than \$14,000 in medical bills.

WCJZ/Madison, WI Promotions Dir./morning host **Sybil McGuire** needs your help! She is busy putting together a book which strives to debunk the myth that radio jocks are overpaid lounge-about getting "good money" for working just a few hours a day. Sybil is currently on the hunt for ANY radio horror stories from her industry peers for possible inclusion in the book. To reach out to Sybil and share with her your own personal horror story for possible inclusion, write her at sybilmcguire@mindspring.com. (And don't worry, she's promised to keep it anonymous if need be.) **Main Street** sends our best wishes to Talk WGN-A/Chicago overnight co-host **Steve King** who is being treated for a form of hepatitis. According to reports from this week's *Chicago Sun Times*, both King and wife-co-host **Johnnie Putman** will be off the air while King makes his recovery.
