

# THE MAIN STREET Communicator Network TATTLE R

The intersection of radio & music since 1974  
Tom Kay - Chris Mozena - Walter Cronkite

For the first time in the 29 year history of the Conclave, not one, but TWO veteran programmers will chair the 2004 summer Learning Conference Agenda Committee. "Paradigm 2004: It's Full Of Shift!" will be spearheaded by **Tim Kelly** of **Elyria-Lorain Broadcasting** in Cleveland and **Gary Nolan** of **Infinity Radio** in Minneapolis. Kelly and Nolan have been selected by the Conclave Board of Directors (of which they are both members) to oversee the development and scheduling of the agenda for the Conclave Learning Conference being held at the Marriott City Centre in Minneapolis from July 15 – 18, 2004. **Tim Kelly** is Group Facilities Director and Operations Manager for Elyria-Lorain Broadcasting in Cleveland, Ohio. In this capacity, Tim has technical responsibilities for the company's six stations and he oversees the operations of WKFM-FM and WLKR AM & FM. He is also the morning host on country WKFM FM. Kelly has been a member of the Conclave board for the past four years. **Gary Nolan** is the FM Operations Manager for Infinity Broadcasting's Twin Cities cluster, overseeing the programming and music of both "Lite Rock," WLTE and 80's "Mix 104.1" WXPT. He won Adult Contemporary PD of the year by *Gavin* in 2000 and was *Billboard Monitor* Adult Contemporary PD of the year in 1999. Nolan has just begun his second year as a Conclave Board member. What would YOU like to see happen at Conclave 2004? Share your ideas directly with the new co-chairs: Email Tim at [timkelly01@aol.com](mailto:timkelly01@aol.com) and Gary at [nolang@wlte.cbs.com](mailto:nolang@wlte.cbs.com).

She's ready to rock the world - **Kimberley Locke** and "Eighth World Wonder"! This **American Idol** star is poised for success in 2004 (the official add date is 1/12-13/2004), but several stations – including WNCI, WRVW, and WNOU (27x!!) – have already begun spins...and added WXSS!! **Curb**

**Hubbard** Talk KSTP-AM/Twin Cities has filled the vacant **Jason Lewis** slot (who left the station earlier this fall to join WBT/Charlotte) with ABC Radio's syndicated **Sean Hannity**. Hannity moves to 6p-8p, while **Dave Thompson** (who was filling in for Lewis) moves to 10P-midnight. PD **Joe O'Brien** said he wasn't searching for syndication to fill in where a local personality once was, and added "All things being equal, you would much rather put a local host in. But the other part of it is — and it's not even a dollars and cents thing — is what's the best radio program I can put on and have it work in that slot. Right now, for us, we think that show is Hannity."

Monday (12/8) the FCC awarded the statutory maximum fine of \$27,500 to **Infinity** Talker WKRK/Detroit for 'indecentcy' during a **Deminski & Doyle** afternoon show broadcast on January 9<sup>th</sup> of this past year, whereby the station invited listeners to call in to discuss sexual practices and techniques on-air. Chairman **Michael Powell** said, "...the blatant broadcasting of filth of this extreme nature has no place on our nation's airwaves," while concurring Commissioner **Kevin Martin** said that the fine was "...inadequate, and should have been multiplied by the number of calls." Meanwhile, Commissioner **Michael Copps**, dissenting, repeated his assertion that the Commission should have initiated revocation hearings for the blatant violation, calling the fine "...not even a slap on the wrist for this vulgar and disgusting indecency." Interestingly, Infinity did not dispute the fact that the material was indecent, but has rather chosen to argue that the FCC's definition of 'indecentcy' is unconstitutional.

Not to be outdone by cross-town competitor **Infinity** in raising the FCC's ire (and fine!), **ABC's** WDRQ/Detroit was issued a Notice of Apparent Liability this week for a complaint stemming from late April of 2002. The station apparently gave away passes to see the film *Spider Man* in its "War of the Sexes" contest, without disclosing that the passes did not guarantee attendance. This fact was unknown to winner **Joe Lucker** until he tried to redeem the passes on the only day they were valid and was ultimately denied admittance. Despite later remedial measures, including buying Lucker tickets for another showing, and despite the station's claims that the passes themselves had the limitation printed on them, the Commission says that the violation was "willful" and that the station deserves the proposed fine of \$4,000.

Minneapolis' **David Young** becomes QBAC's MOST-ADDED for the second straight week, logging another double digit add week for "**A Christmas I'll Remember**" on **Universe**. Major market airplay includes New York City! Don't doubt, just play!!

An effort by a recent Democratic congressional candidate to introduce a non-conservative alternative to the Minneapolis talk radio scene misfired when the star of the show - veteran local comedian and former radio morning guy - **Jeff Gerbino**, quit just before Thanksgiving. Gerbino told the *Minneapolis Star-Tribune* that his boss **Janet Robert** of Stillwater, an attorney who ran unsuccessfully for the U.S. House last year, wouldn't let him be funny or provocative and was turning the show into a "shameless plug for the DFL (the Democratic Farmer-Labor party)." Robert signed on to produce Gerbino's *"High Ground"* which hit the air Nov. 24 on WMNN/Minneapolis, an all-news station owned by **Minnesota Public Radio**. Roberts told the newspaper, that the goal of the show was to be centrist and politically independent. "Jeff was the one that was trying to push us too far to the left," she said. She also took issue with Gerbino's contention that she was the boss. Roberts said she is not the boss, and is only handling public relations for the upstart talk-show. She said she hopes to be gone from the operation as soon as she lines up enough affiliates to assure the show will be heard statewide within a year. "High Ground," is continuing Monday-Friday from 1-3 p.m. with fill-in hosts who are auditioning to be the permanent replacement. Robert said a decision on permanent co-hosts will be made shortly. On a related note, A Democratic investment group - **Progress Media** - is close to buying radio stations in five major cities and recently hired **Lizz Winstead**, another veteran of the Twin Cities comedy scene and one of the creators of the "The Daily Show," to oversee the entertainment programming. **Jon Sinton**, Progress Media's president, said the company hopes to have comedian **Al Franken** (another Twin Cities native) do a daily talk show on the network, once it fires up in early 2004.

South Dakota's contribution to the FCC, Commissioner **Jonathan Adelstein**, told a Washington audience last week that allegations of payola in radio and television pose a threat to the public airwaves. "Practices like payola may inhibit the local broadcaster from making independent judgments about the needs of listeners in their community," he said at the **21st Annual Institute on Telecommunications Policy and Regulation**. "This can deny local artists and musicians access to their local airwaves. We need to investigate these allegations and make sure our rules address any troubling practices we identify." The liberal South Dakota attorney addressed other media diversity concerns during his "Accessing the Public Interest: Keeping America Well-Connected" speech. Regarding diversity, Adelstein said: "The airwaves belong to the American people. Nowhere is it more important for us to preserve access to the airwaves as widely as possible. We should encourage a broad range of voices and viewpoints."

According to reports from this week's *Chicago Sun-Times*, **Tribune's** WGN/Chicago is dropping its midday farm report show "The Noon Show" with **Orion Samuelson** and **Max Armstrong** as of January 5<sup>th</sup>, with assistant **Lottie Kearns** exiting. Meanwhile, **Steve Cochran's** midday show will start earlier (right after **Paul Harvey's** 11:55a newscast) to occupy the hour and the ag duo will continue with farm reports all day and weekend shows on WGN.

**Clear Channel CHR WKSC/Chicago** cursed their darned computer on Wednesday when an unusual malfunction that struck the station in the wee hours, causing nothing but promos and spots to air for quite awhile. RVP/Market Manager **John Gehron** told the *Chicago Sun-Times* that the problem lasted for two hours, from midnight to two a.m. Gehron said, "We had a problem that didn't get corrected as fast as it should have. We are staffed 24 hours a day. The stations are never left unstaffed. It's just that somebody didn't think to check for that problem. Hopefully, it won't happen again." Hmm...nothing but spots for 2 hours? Hey John, where was your sales manager when all this was goin' on???
