

# THE MAIN STREET Communicator Network TATTLEER

Happy Holidays from Main Street  
Tom Kay - Chris Mozena - San Taclaws

It's been a busy week for Omaha-based **Waitt Radio**, as **Brian Burns** exits as OM. Brian came to the group just over a year ago to program Triple A KCTY, and added Operation Director stripes to oversee KCTY, T40 KQKQ, and urban KBLR early last summer. But "wait" – there's more! **Waitt Radio Network's** VP/Programming **Mark Todd** flips offices – and titles - with Waitt Radio's OTHER Operations Director, **Phil Wilson** (who oversaw N/T KKAR-AM, mainstream AC KLTQ, country KOIL-AM, and sports KOZN-AM). Mark will move down the street to assist in the programming of the Waitt cluster, while Phil moves up the street to oversee Waitt Radio Network's various formats. Along with Brian, KKAR morning news anchor **Kristie London** leaves the group, with both exitings made for "budgetary" reasons.

Despite the fact **Kimberley Locke** and "**Eighth World Wonder**" have yet to experience "add day" (1/12-13/2004), the **American Idol** star is being heard on great radio stations across American like WXSS, WNCI, WRVW, and WNOU!! Clear a spot on your first 2004 playlist for next year's FIRST new superstar!! **Curb**

Popping onto AC stations across the Midwest and America (picking up spins at **Entercom's** WRVR/Memphis and **Clear Channel's** KSOJ/Fresno): **Layne Larson's** "**Have Yourself A Merry Little Christmas**" and "**What Child Is This**" on **Stockinrock!**

According to *Radio & Records*, rumors are circulating that **Sam Elliott** – a former Fargo PD, and Midwest native - is the frontrunner for **Dusty Hayes'** recently vacated PD gig at **Radio One's** KTTB. Sam is PD of **Clear Channel's** KISN/Salt Lake City, a station that's been through several format tweakings over the past few years and is apparently headed for more as the station flips frequencies with sister T40, KZHT. Dusty's last day at KTTB is today; he begins his **Infinity** chores in Austin, TX on Monday...although he's been doing his new OM job by telephone and email for the past several weeks.

**David Young's** "**A Christmas I'll Remember**" becomes *R&R's* MOST-ADDED Mainstream AC track this week! In doing so, he becomes the first Minneapolis-based artist to ascend to MOST-ADDED status since **Jonny Lang** (and he's really from Fargo)!

According to reports from this week's *Atlanta Business Journal*, a Duluth, MN company called **IQStat** has launched the a test of a new product to compete with **Arbitron's** forthcoming Portable People Meter (PPM). The company has already outfitted 100 cars in the Atlanta area with a video tape sized device that monitors driver's listening habits as well as tracking a driver's exposure to outdoor ads using GPS technology. The company hopes to have the number of test units in the market raised to 500 by the end of the first quarter and has reportedly already signed a radio client and is in discussions with two others. A Tampa test is scheduled to follow a successful outcome in Atlanta. Stay tuned for more developments!

Spins continue to mount for **Breanna** and "**You Don't Have To Be Strong**"! KCLD 26x!!!! KCVM 20x!!!! Expect an even BIGGER 2004! **4 Entertainment**

Former WAPL/Appleton PD **Garrett Hart** is the new PD of **Cumulus** Rocker WRQK (Rock 107)/Canton, OH. Hart's previous programming experience includes the legendary WDVE/Pittsburgh. Most recently, Hart had been out of radio, consulting several Pittsburgh-area steel firms in marketing strategies — but now he's back.

**Rock Radio tip for 2004: Remember to take your Serotone!!**

According to Minnesota native, author/comedian **Al Franken, Progress Media** - a nationwide all-liberal radio network where Franken would host a three-hour daily talk show - could surface as early as March. The best-selling Franken has been in talks with a group of venture capitalists for several months, but is not yet under contract to host a show. Their plan for the network is "pretty far along," he said Tuesday in New York, where he was honored with a comedy award during the 2003 *New York Magazine* Awards. Interviewed by New York's *Newsday*, Franken teases, "We're playing around with names, but won't make the announcement until it's the right time. We want it to be as big as 'We captured Saddam.' If I do this radio show, I'm going to try to do it drug-free." Franken indicated there exists a need to interpret daily news events with a strong liberal bias, given there is no strong counterpart to the nationally broadcast opinions of conservatives like **Rush Limbaugh, Michael Medved, Michael Savage**, et al.

**Clear Channel Radio** announced the formation of a new regional operating structure for the company's engineering initiatives, resulting in the promotion of 10 engineers to the newly created position of Regional Vice President/Engineering. The 10 will be responsible for driving technology innovation and upgrades for a specific region of the CC Radio group. This group will serve as a valuable resource for local station managers to ensure they have the latest technology at their fingertips. Effective immediately, the new RVP's of Engineering are: the Midwest region's **Allan Brace, Ben Brintzer, Tom Cox, Gil Garcia, Mike Gideon, Mike Guidotti, Paul Jellison, Ken Jones, Dan Mettler and Randy Mullinax.** Putting an interesting spin on this new CC consolidation, **Jeff Littlejohn**, VP/Engineering says "Clear Channel is committed to being locally managed, but globally resourced." It marks the first time in radio history the words "local" and "global" have been used to describe the same thing...

*Rumor:* Will the turning of the year to 2004 find a new contemporary Christian signal in a major Midwest market?

A clothing drive was prompted this week by a *Chicago Sun-Times* story about students at the **Brennemann School** in Chicago when students asked the Season of Sharing program not for toys but for hats, coats, and gloves for the winter. **Infinity's** WSCR/Chicago host **Mike North**, his wife **Be-Be** and **Wal-Mart** rose to the occasion for the group of children when they delivered coats to 350 kids for \$12,000 paid for out of the Norths' own pocket! Other donations are paying for hats, coats, and gift certificates for the children at **McDonalds**.

NOT SO FAST, SHERIFF!! The January 12<sup>th</sup> court ordered liquidation of **Muzzy Broadcasting's** (3) Steven's Point, WI properties was called off earlier this week after **Rick Muzzy** was able to secure new financing and revenue sources.

*The TATTLER* sends its condolences to the friends and family of Milwaukee Braves announcer **Earl Gillespie** who passed away at 81. Perhaps best known for his trademark "Holy Cow", Earl called Braves games for 11 seasons, as well as doing Green Bay Packers games on radio and TV, plus college ball for Marquette and the U of W.

Kudos to **Krystal Broadcasting's** KYSL/Frisco, CO PD/morning man **Tom Fricke** and the entire station on their 19th Annual "Microphone Marathon." Pelletier will succeed **Bliss Communications' Mike O'Brien**, who is currently nearing the completion of his two-year term as Chairman.

KKJO/St. Joseph, MO asked listeners to help grant Christmas wishes for kids in need to help them and their families have a very happy holiday. In just two weeks, KJO listeners responded by providing over 3000 gifts to be distributed to kids around the area.

*The TATTLER* send it's condolences to the friends and family of WWJ/Detroit news anchor **Tom McNamara** died last week of lymphoma at age 61. McNamara joined WWJ in 1976 and most recently served as weekend anchor.
