30th Anniversary 1974 - 2004

WGCI-WVAZ/Chicago OM and Conclave/TalenTrak faculty member **Elroy Smith** has now joined the ranks of "station owners" and where else but Bermuda, where he was born and raised. Smith, along with **Scott Pearlman** and **Glenn Blakeney**, were recently granted a license to own and operate a radio station on the small Island country, where they'll operate as Inter-Island Communications. The station, which is being built from the ground up, is expected to go live in July 2004 as HOTT 107-5. The station format will consist of R&B, Hip-Hop and Reggae. HOTT will be the first to bring a major market sound to the island 24 hours a day, while incorporating a plethora of talented local live personalities.

Spin stories are now being documented on the demographically correct "World Without You" by **Beth Hart**. KKRL 21x, KRSK 17x, KALZ 13x with stations like KYKY and WMC ready to break out. The exposure this song has had over the past 10 weeks or so as **CBS Daytime TV's** theme should make the selection of this strong song so much easier to schedule! **Koch Entertainment**

Emmis Chairman/CEO **Jeff Smulyan** said Emmis is "determined to provide the content our audiences want" and will do that while abiding by a zero-tolerance policy it has established for its stations. Smulyan made the comments in a Q&A session on the Emmis website. He also addressed concerns at Alternative WKQX (Q101)/Chicago by saying the station has remained one of Emmis' biggest challenges because it is feeling the effects of a competitor that launched a direct assault on Q101 a couple of years ago – and, of course – it has **Mancow**.

Congrats to **Main Street/Curb** artist, **MercyMe** – winners of the **GMA's Dove** awards for "Artist of the Year" and "Group of the Year"! Their new single, "Here With Me" turns out to be a winner for: WBMX, KLLY, KKPn, KJOY, WARM, WCRZ, etc.

Detroit's **Jacobs Media** has launched a website, SaveRadioNow.org, which takes up the cause of free speech as it affects broadcasting and indecency. Jacobs Media President **Fred Jacobs** says, "There is a large gap between the opinions about indecency that are being expressed by the **FCC** and Congress and what we're hearing from radio listeners in America. The purpose of this site is to provide education, as well as an equal voice for this silent majority to communicate to their elected representatives, and the regulators who are setting the tone."

Constant Claver and the Fargo Flash, **Dr. Gary Heller**, KNX/LA Research Director, has been elevated to **Infinity** VP/Research & Audience Measurement, working with **Steve Rivers**, **Greg Strassell**, **Kevin Weatherly**, Infinity's Format Captains & Corporate big-wigs! He takes over the research duties from **Bill Pasha**, who left Infinity to become VP/Programming for **Entercom** last month.

We've been sworn to secrecy on details, but suffice it to say that **Keri Noble** and "Talk To Me" call-out at KS95 is reflecting early research indicating scores higher than a few current top 10ers. That could be another reason why her burgeoning hit increased to 36x at the hot AC this week! **Blue Note**.

Clear Channel's heritage CHR/Pop WRVQ/Richmond brings in Midwest radio vet **Wayne Coy** as PD/morning co-host. He replaces station vet **Billy Surf**, who departs. Joining Coy as Asst. PD/morning co-host is his former on-air partner, **Darrin Stone**, who became a free agent last week. Former Z104 MD **Jonathan Reed** comes aboard as MD/afternoon, and **Joey Hoops** will join WRVQ for nights, starting May 24. Departing WRVQ are morning co-host **Betty Bodine** and Asst. PD/afternoon driver **Travis Dylan**.

Research note on **Kimberley Locke** "8th World Wonder": if you've subjected the song to call-out with less than stellar results, you may want to change the hook to "...seven days & seven nights of wonder". Stations that have made the switch (like **Tommy Bodean** at Z104) have reaped the benefit. Z104 60x! WDCG 91x, WPRO 64x...well, you get the picture. **Curb**

Minneapolis-St. Paul Winter Book. **Clear Channel** country K102 gains some ground on the market leaders – **ABC** rock KQRS and **Infinity** N/T WCCO – both of whom drop considerable 12+ numbers. Hanson's "Penny & Me" continues to be a listener favorite, and judging by Soundscan CD sales, Midwest listeners are putting their money where their ears are: Green Bay #4, Milwaukee #6, Cleveland #14! Nationally, it's ranked #25 on the top 200, and #1 on the Independent Chart! In short, "Penny & Me" is working for radio. Is there anything else? **3CG**

Condolences to **SG Music Marketing, Inc's Steve Gordon** on the passing of his mother last Friday.

Joss Stone's "Fell In Love With A Boy" on S-Curve is a remarkable track performing remarkably well...even though it flies underneath many programmers radar. Proof? Try WIXX and their 49x weekly. Or WRLT 49x. Two different stations in two very different formats achieving equal success. Audition again, and hear what you may be missing!

Strange but true: Did you know if you were on the radio and phonetically pronounced "FCC" as a word...you'd be fined \$500,000?

South Central Top 40 WSTO/Evansville's morning duo **Booker & Diane** have begun the search for their next "Morning Show Apprentice." Listeners can go to www.hot96.com and register. On Monday eight finalists will be selected. They will be given 8 individual stunts to perform, and each week one person will be eliminated. The Grand Prize is a part-time job at WSTO for the lowest pay allowable in the state of Indiana. Second prize: you get to be general manager of the station (just kidding)!

Live music lovers: **Fastball's** main men, **Tony & Miles**, are on an acoustic tour taking through the heart of the Midwest this week. Catch 'em if you can: 5/3 - Chicago, 5/4- Minneapolis, 5/5-Madison, 5/8-Denver, 5/9-Boise

Top Tip: De Sol "Spin Around"! This dervish of a track adds 5/17 at top 40, but you should have it now (and shortly thereafter, the new **Feel** hit "She Makes The Make Up Look Good" - borrowing heavily from **Donnie Iris** - will be arriving in your mail for adds on 6/7) Both on **Curb**.

Alas - **Air America** has made an exit in Chicago, as **Multicultural's** WNTD abruptly returned to music programming earlier this week. The companies had said last week that as part of a settlement over a financial dispute, Air America programming would remain on the station through April 30...but the plug was pulled earlier. No replacement station was named inside the Air America corral.

We just have to share some remarkable spin stories on **Hoobastank** and "**The Reason**", as radio creates new rotations to handle the audience this smash is generating across 5 different formats: WDRQ 87x, WWWQ 82x, KKDM 82x, WVRV 51x, KQKQ 65x, WWBN 45x, WLUM 36x, WGVX 44x. Wow! Thanks, Radio!! **Island**

100 owners and their cats gathered on the steps of the Iowa State Capitol this afternoon. The group was shot for a television commercial to air during the series finale of NBC's *Friends*, Thursday, May 6, on Des Moines' Channel 13 beginning at 8 p.m. The commercial, for STAR 102.5's *Big Ken and Colleen in the Morning*, will include STAR 102.5 listeners and their cats, in a scene mimicking a popular *Friends* episode featuring the original song *Smelly Cat*.

Once a song has been around a while, it's natural to want to pull it back for fresher material. Don't make that mistake with **Norah Jones** and "Sunrise" on **Blue Note**. Didja know? According to AOL data for the week ended April 11, Infinity Triple A WXRT/Chicago was the most listened-to station on Radio@AOL's narrowband network. No specific figures were given, but the WXRT stream had more than twice the total time spent listening of the second-place stream. That signal? The AOL-programmed "Top Country".

His presentation is entitled "How To Be Human – And Still Have A Job!" His speech will distill messages found in his latest novel, "The Five People You Meet in Heaven," a book that's spent the last 6 months at the top of the NEW YORK TIMES best-seller list. One of the legendary jocks at WISM/Madison in the 60's has passed away. 72 year-old **Richard Latsch** passed away earlier this month. **Tim Morrisey**, a Madison journalist, remembers, "He was one of the announcers on WISM, back in the day when a generation of Madisonians had their radio dials locked on 1480. This station (now WTDY) is what used to be called "Wizzum". Richard called himself King Richard, and he was on the air the afternoon we got news that President Kennedy had been assassinated. A few years back, when another "Wizzum" alum, **Jonathon Little** put together a reunion with **Pat O'Neill**, King Richard was there on the air doing a bit about the old "Wizzum"-mometer. Now King Richard is up there at the big radio station in the sky with **Clyde Coffee**."
