CONCLAVE'S DOUG LEE SCHOLARSHIP WINNERS ANNOUNCED! Yes, the 2004 Winners of the **Doug Lee Scholarship** have been selected! Each year, the Conclave chooses a state in which to award the Scholarship to deserving students of an accredited college or university inside that state. This year, students attending North Dakota institutes of higher education were selected, and each of the following will receive a \$1500 scholarship which will help them continue their studies: **J.D. Rudd**, a Junior at Minot State, Minot, North Dakota, **Matthew Langemo**, a Junior at North Dakota State, North Dakota State University, Fargo, North Dakota, and **Tyler Klosterman**, a Junior at University of North Dakota, University Of North Dakota, Grand Forks, North Dakota. These students are enrolled in their individual school's radio/TV, communication, or journalism departments. They will receive their scholarships at the Conclave's Award Luncheon, Saturday, July 17<sup>th</sup> at the Marriott City Center hotel! Past scholarship winners include **Gino Roberto** (1990) who was part of the morning show at KEEY (Minneapolis) and is now a stand-up comedian who released a CD last year. **Aaron Klug** aka: **Aaron Roberts** (1991) is now the PD of **Clear Channel** rocker WROV/Roanoke, **Jamie Phillips** (1983) is the PD at hot AC KCVN/Waterloo-Cedar Falls and **Siobhan Kierans** (1994) is Marketing/Promotions Director for **Warner Television** (WB) in Minneapolis!

Although best known for their smash "I Can Imagine," **Mercy Me** is back with an equally powerful single called "**Here With Me**" which is already bulleted at #20 on the *R&R* AC chart, as well as boasting new adds this week at KUDD, WNKS and WNCL. Most importantly, *Airplay Monitor's* Hit Predictor shows that "Here With Me" is the #1 potential top 10 call out record in the hot AC format! (Now, there's your story!) **Curb**

After first warning listeners about the content which they were about to hear, (2) Minneapolis stations - KQRS and KSTP - as well as New York talker WABC, all aired audio of the beheading of American prisoner (and owner of a Pennsylvania tower maintenance company, Prometheus Methods Tower Service) **Nick Berg** in Iraq. KQRS/Minneapolis morning host **Tom Barnard**, who aired the tape after telling listeners to keep children out of earshot, told the *Star-Tribune*, "We should be outraged at what happened to this man." Meanwhile, KSTP/Minneapolis host **Ron Rosenbaum** said, "We felt we had to play it since we'd been very critical of the TV networks sanitizing World Trade Center footage of people jumping out of the buildings." The *Star Tribune* reported that both stations said listener feedback was mostly positive. In New York, syndicated radio personality

**Sean Hannity** also played the 33-second audio clip on his show, which is based at WABC. Hannity gave listeners ample time to tune out and counted down from 10 before airing it. "I think people need to know what we're dealing with - it's evil right before your eyes," Hannity told the *New York Post*. "These people want to kill all Americans, not just this poor kid, Nick Berg."

The rumor mill keeps spinning on the recently launched **Air America Radio**, with several sources indicating that the original Chicago-based investors **Sheldon** and **Anita Drobny** are now being courted to return to the operation to "save" it from financial doom. The venture capitalist couple reportedly sank about \$10 million into the network but were later pushed aside as the launch date neared.

"**The Reason**" for **Hoobastank's** continued success? That's easy, they write multi-formatic hits! Leading the way at T40 this week is; KDWB 80x, KCHZ 98x, WWWQ 80x, KKDM 90x, and WDRQ 84x! (Thanks radio!) **IDJMG**

Congrats to PD **Brent Carey** and crew at Citadel's **WIOG/ Saginaw, MI**, which exceeded all expectations this past weekend during its first Children's Miracle Network Radiothon Mother's Day Weekend: Morning hosts **Andrew Z**, **Jimmy Hamm** and **Trish** led the four-day event, which raised a whopping \$204,627 for Hurley Hospital in Flint, MI! "I'm so impressed with the way our listeners responded," says Carey. "We raised twice what we expected and nearly tripled what was raised last year, when the radiothon was with another station in Flint."

With a tremendous sales debut (#16), American Idol's **Kimberley Locke** is again making waves at radio as those folks who listen finally got to "vote" on the status of "**8<sup>th</sup> World Wonder**" at retail this week. **Curb**

Broadcasters from **Clear Channel's** WGCI/Chicago filed a petition today with the National Labor Relations Board (NLRB) requesting that a election be held for Union representation by the American Federation of Television and Radio Artists (AFTRA). The move comes after a significant majority of the broadcasters employed by the station designated AFTRA as the representative for their collective bargaining unit. Air talent at both cross-town sister Smooth Jazz WNUA and Urban AC WVVAZ are already represented by AFTRA. According to **Eileen Willenborg**, Exec. Dir. of the Chicago Local of AFTRA, "AFTRA will be honored to represent these dedicated professionals. WGCI A/F are two of the most successful radio outlets in Chicago and are among the top billing stations in the market. WGCI-FM is consistently Chicago's number 1 ranked station, and it is time that the broadcasters share in the success of these stations. Today, we ask that Clear Channel, which owns both stations, recognize the wishes of their on-air talent." The company can, if they choose, grant recognition to the union immediately, or as AFTRA informed management of both stations, they are prepared to have the union authorization cards independently verified by a neutral third party agreed to by each. (Stay tuned for more developments!)

If you doubt that the popularity of Hanson's "Penny & Me" is literally spreading like wildfire, perhaps you didn't realize the new song from the brother's Hanson saw spins increase virtually everywhere this week, including; WXSS, WZEE and KJCK. And as if this wasn't enough excitement, "Penny & Me" also moves to heavy rotation (that's 30X per week) on MTV this coming week!! 3CG

Our condolences to **Olive Osmond**, matriarch of the Osmond family and mother of Conclave 2004 faculty member, **Marie Osmond**, who passed away Sunday at home in Provo, Utah as the result of a massive stroke she suffered more than two years ago. She was 79.

While he's been busy writing for other hit-makers, he's kept a few for himself. Adding at HAC on (5/18) is "When You're Gone" the debut cut from the forthcoming **Manhattan** release, MY OWN BEST ENEMY from Grammy winner **Richard Marx**. (Audition today!)

**Magnum Broadcasting, Inc.** owner **Dave Magnum** has announced that he will challenge incumbent Rep. **Tammy Baldwin** (D-WI) for the 2nd District Congressional seat in Wisconsin. Magnum, a Republican, plans to make a formal announcement in the coming weeks but issued a press release earlier this week saying that "as a candidate for Congress, I bring the perspective of being a small business owner who, with my late wife, Lynn, built a group of broadcast stations from scratch as well as being the dad of two boys- in other words, someone who understands what people are up against in their every day lives at home and at work." Magnum owns eight radio stations and one TV station in the Tomah, Portage-Wisconsin Dells and Kewaunee-Sturgeon Bay, WI areas.

"Sunrise" from **Norah Jones** continues her impact on radio this week, with spins increasing (again) at KTCZ, KBCO, WXRT, KSQY and KZPL!

**Blue Note**

**Jim McGill**, a member of PD **Ray Lytle's** Morning Disaster show on WQLZ/Springfield, IL, is reportedly in relatively good condition despite having recently been on the business end of a fireworks mishap that took place between his own buttocks this past Sunday (5/9) at the Illinois State Fairgrounds. Jim, who was at the Fairgrounds for a station-sponsored concert featuring **Apartment 26**, **Atomship**, **Cold** and **Sevendust**, apparently received some pretty nasty burns from an uncooperative bottle-rocket that he was attempting to launch from between his cheeks while atop of the station's promotional vehicle. (A Hummer, no less.) Although Jim has routinely performed this stunt at live events, this particular bottle-rocket was said to have "more sparks" than usual. In addition to the pain Jim endured, the incident resulted in the suspension of another employee who was assisting him.

According to reports from last week's *Indianapolis Star*, former **Clear Channel** Alternative WRZX/Indianapolis afternoon host **Adam Ritz** was sentenced to serve six months in jail by a judge at Marion Supreme Court for sexually assaulting his children's babysitter (a former station intern) last December. Following Ritz's apology, he was ordered to serve a year in community correction and placed on probation for a year.

**Locke-d In!** Curb recording artist Kimberley Locke (R) meets KQIC/Willmar MD **MaryElin Macht** last week prior to performing at the Mall of America in celebration of the release of ONE LOVE, her debut album!

There was also significant sales surge this past week for **Wynonna's** single, "I Want To Know What Love Is," thanks largely to her appearance on **Oprah**. Following her appearance, **Wynonna's** album shot to #1 on **amazon.com**, sold 1500 units in under two days at **Target** and now **Best Buy** is reporting that sales have doubled since her televised performance! **Curb**

**Jennifer Hudson**, the talented singer who was recently eliminated from the hit TV show **American Idol**, learned that the Windy City cared this weekend when Urban WGCI/Chicago hosts the "We Love Jennifer Hudson" rally (5/8) at MacArthur's Restaurant. WGCI encouraged listeners to come out and show their support for Ms. Hudson by bringing signs and cards to this event as they had the opportunity to enjoy lunch at from 10-2pm.

(Too cool for the room, not!) **S-Curve**

According to reports from **Allaccess.com** this week, a rather innovative radio format - **Gang Radio** - which featured warnings for gang members as to when the police were on the way, had been programming on a pirate station in Chicago run by **The Black Disciples** street gang at 104.7 until it was busted up by the Chicago Police in raids this past Wednesday (5/12). As part of the raid which netted over \$300,000 in cash, 11 guns, bulletproof vests, and jewelry, the police and FCC agents shut down the pirate station operating from a building owned by reputed Disciples leader **Marvel Thompson** at 6723-29 S. Parnell in Chicago.

A world without **Beth Hart** would be hard to imagine considering her single "**World Without You**" is still running on daytime TV, smart programmers at stations like **KYKY**, **KSTZ A-17x** and **KKRL 35x** are already leading the way and the rest of the **HAC** audiences are getting increasingly hip to this undeniable new tune! **Koch**

As current station owners are entering into the political fray, one former US Senator, **Rod Grams** and wife **Christina Rae Grams**, have just acquired three radio stations in Little Falls, MN, a town almost dead center in the middle of the state about halfway between Brainerd and St. Cloud. The stations include **KLTF**, **KFML** and **WYRQ**. The seller is **Jack Hansen**, and if you add up all of the contract elements, he'll eventually wind up with about \$2,320,275 in the transaction. There's a \$120K escrow deposit, a \$480K cash payment at closing, a \$158,925 non-compete, a \$11,350 consulting agreement, a \$1.51M promissory note and a \$40K contract for deed. (Hmmm, there must be money in politics!?)
