And for those who just returned from an alien abduction and haven't heard the news, yet: we're having a Conclave next weekend, July 15-18 at the Marriott City Center/Minneapolis: Conclave XXIX – Paradigm 2004: It's Full of Shift! The hosts are reportedly fighting over McNeil's comments about Mariotti's widely reported run-in with White Sox color commentator **Ken Harrelson** in the press box at U.S. Cellular Field. **Conclave Friday 7/16: Conclave Keynote Session: Are You Decent? Moderated by Dave Sholin VP/EMI Music Cooperative featuring Rick Cummings- President/Emmis and Marty Kaplan -Radio Host, AirAmerica!** It all started with **Janet Jackson's** "wardrobe malfunction" last winter, and has now become a swirling – and expensive - vortex of controversy: decency on the airwaves. How far can a talent go in communicating a thought? If they go too far, how can a radio owner – at best, meet the immensity of fines levied by the FCC - or at worst, put their license in danger? Will legislation being introduced in Congress change the decency landscape even more? Will the decency issue force an alteration of music lyrics heard on the radio? How far will this all go before a constitutional case is made charging an abridgement of free speech and expression of thought? Join the Conclave's faculty of experts as they tackle these questions and more, providing insight and guidelines you can share with your station on Monday. 1:30PM!

**Fastball "Drifting Away"** keeps drifting into more spins at KYKY, WXRT and WMMM! **Ryko**
