**Happy Birthday, WCCO!** Infinity Talk WCCO/Minneapolis continued its 80<sup>th</sup> anniversary celebration this week with lots of special programming celebrating its history. Today marked the return of several WCCO superstars as guest hosts of various programs: **Steve Cannon, Boone & Erickson**, and **Ruth Koscielak**. (The Anniversary actually kicked off last month at the Minnesota State Fair and will wrap up tomorrow – 10/2, the true Anniversary date - at the Metrodome prior to the Twins/Indians final game of the season). If you're interested, the station is also selling a Commemorative WCCO Yearbook on its website ([www.wccoradio.com](http://www.wccoradio.com)) for \$74.95. It includes 6 CDs (with "The Best of Boone & Erickson") and a DVD with footage from the station's history. If you're a fan of the "Good Neighbor", it might be a nice keepsake to own.

Speaking of WCCO/Minneapolis, morning guy **Dave Lee** has been yanked off the University of Minnesota men's basketball road games (he's the station's basketball and football PBP voice, as well as holding down the morning spot). A demotion of sorts? Not according to **Infinity** market manager **Dick Carlson**. In a *Minneapolis Star/Tribune* article this morning, Carlson made the move "because WCCO valued him too much in his primary role, which is hosting the station's morning show." Lee misses mornings when the University plays ball out of town, which can amount to 10 or more games a season. Carlson said he talked to Lee about the move two weeks ago. "I would have to characterize [his reaction] as disappointed. But at the same time he understands how important he is to us in morning drive. We're trying to find a good balance for him to still be the voice of the Gophers [Lee also does football], and the primary host of the morning drive news." Station swing shifter **Steve Thomson** will follow the Gophers on the road this season.

Now that's school's been in session for a month, it's time for the report card. Presenting the answer to "What I Go To School For" will be **Universal's Busted** reveals the following: To get 37 spins from WRHT. 32 views on MTV. 20x from WHTS. 25x from KZZU. 20x from WPRO. And oodles of airplay from KJCK, WIOG, WZEE, WCIL, WSNX, etc. Class dismissed...to schedule this hit for your weekend programming!

*Just in:* **Jo Jo Martinez** is returning to WXSS/Milwaukee as midday host/APD/MD, starting Monday! She'll replace **PJ**, who also starts her new gig on Monday (officially no one is to know it's **XM** until then, so mum's the word, okay?). PJ, of course, replaced Jo Jo in late summer of last year.

**Tim McGraw's "Live Like You Were Dying"** on **Curb** continues to climb on AC charts in much the same manner it did on the country side: QUICKLY! Chalk up another most-added week, with Midwest stations like KEFM, KEZK, and WHBC leading the way. (And, yes, he's now represented on 3 charts, now that his duet with Nelly is moving smartly up the T40 charts...)

Last week, talk radio legend **Bill Balance** died...and this week, we learn of the passing of New York radio legend **Scott Muni**. Because of their geographic locations (Balance, West Coast...Muni, East Coast), Midwest radio followers might not be too familiar with their work. At least in the case of the beloved Muni, you have a chance to discover his art...through Art. Vuolo, that is. **Art Vuolo** (godfather of KLAV-TV each summer at the Conclave) has assembled audio tidbits from Muni's storied career (WMCA, WABC, WOR, WNEW, etc.) and it's available on Art's website - [www.vuolovideo.com](http://www.vuolovideo.com), and click under audio airchecks. It'll cost \$12 bucks, but knowing Art's work, it'll be worth it. (Other Internet locations for clips of Muni's work include [www.q1043.com](http://www.q1043.com), [www.reelradio.com](http://www.reelradio.com), and [www.bigappleairchecks.com](http://www.bigappleairchecks.com).)

A record so strong, KMXV had to add it twice - **Joss Stone** and "You Had Me" on **S-Curve!** (Finding it for the first time this week: WWWQ, WIXX, WVRV!)

WXRT/Chicago morning man **Lin Brehmer** and Cubs correspondent (and former **Smashing Pumpkin**) **Billy Corgan**, took the bi-weekly "Wrigleyville Report" on the road for a special broadcast today (10/1) from 11-1pm at Potbelly's Sandwich Works to celebrate the Cubbies' push for the playoffs. To mark the special occasion, Potbelly's graciously donated \$1 to Rock for Kids for every sandwich sold at their Monroe location.

After going Top 10 on the AC chart this week, **Mercy Me** and their second bona-fide hit "Here With Me" enjoys Midwest spinincreases this week at stations like: KEFM 15-17x, WMGN 16-19x, WLHT 20x and many more! **Curb**

HAC programmers have that proverbial diamond-in-the-rough on their desks now with **Low Millions** and their debut single “**Eleanor**” which is already reacting at Midwest stations like KQKQ where it is spinning 16x a week! Don't miss the opportunity to distinguish your station with this hit! (Still need a copy? According to reports from *The Cleveland Plain Dealer* this week, **Salem Sports WKNR/Cleveland** midday host **Bruce Drennan's** home was among a dozen locations in Cuyahoga County raided by the FBI and IRS in a sports gambling investigation this past Sunday. The paper says Drennan's home was raided for \$1,028 cash, a computer, a .38 revolver, a cell phone, and two boxes of documents. However, Drennan has not been charged or arrested. A federal judge has also issued a temporary restraining order to prevent Drennan and four others from selling their homes, because the homes are subject to seizure by the government if the five are convicted in the case.

Shipping to AC for adds on 10/11: “**Ready to Fly**” from **Richard Marx** on **Manhattan**.

According to a report in this week's *St. Louis Post-Dispatch*, **Infinity Talker KMOX/St. Louis** evening host **John Carney** has been removed from the air indefinitely after being accused of driving under the influence of alcohol and leaving the scene of an auto accident. The paper states that Carney was involved in a rear end collision at about 3:45a Sunday (9/26) morning and continued driving, but was later pulled over by officers investigating another unrelated accident. The charges were brought under the city ordinance rather than the more punitive state DWI law, which is usually invoked only in more serious accidents or after other drunk driving arrests.

**Allen Fee, PD of WQAL/Cleveland (R)** got a chuckle listening to an aircheck at **TalenTrak 2004**. Each student attending received at least four valuable airchecks during **TalenTrak's** afternoon Aircheck Clinic!
