THE MAIN STREET Communicator Network TATTLE R 30th Anniversary 1974 - 2004 "All the news that fits, we gits!"

THE REV RETURNS...almost! Confirming a direction the TATTLE R told you about in October, Minnesota Public Radio announced yesterday that it would launch KCMP - "a new radio station for music lovers in the Twin Cities after the first of the year," providing the FCC will not succumb to protests of the acquisition of WCAL by the public radio behemoth (89.3FM, where MPR plans to operate the new station). "Welcome to the anti-format," said Steve Nelson, the new program director for 89.3 FM - and one of the founding members of the legendarily eclectic REV Radio (which ultimately was sold to ABC/Disney a few years back, becoming the current Drive 105). "Music listeners don't categorize themselves into narrow niches and stay there. They listen to more kinds of music than ever before. And much of what they want is not currently available on radio in the Twin Cities." He added the station would "underscore the cultural roots of the music it plays and spotlight the work of local and regional artists, both live and recorded." Once it's January debut becomes official, the station promises musical artists ranging from local favorites such as Mason Jennings, The Replacements, Olympic Hopefuls and Conclave faves, The Jayhawks - to modern icons such as The Postal Service, Lucinda Williams, Alejandro Escovedo, Joni Mitchell, U2 and the Arcade Fire. Artists such as Chet Baker, Johnny Cash and Ella Fitzgerald will creep in periodically. Sarah Lutman, senior vice president for cultural programming and initiatives at Minnesota Public Radio pledges, "Our staff will be hanging out in clubs, searching the Internet, reading the music magazines and streaming music from around the globe to find the best music for our listeners. We're going to take the work out of finding music, and put the fun back in. Just turn on your radio." While Triple-A may not totally describe KCMP once it hits the airwaves (it would seem too diverse to fit the format charts of the industry), it nonetheless may be seen as competition for Clear Channel's KTCZ and Disney's Drive 105. At least one person - Lauren MacLeash - PD of KTCZ doesn't quite see it that way: "If it's good for the music scene in Minnesota, it's good for all of us." KCMP will begin operating with six or seven full-time staff members and some additional part-time staff, led by Nelson - who'll move to the new station from his current post as Production Manager for MPR. Check "Jobs" for info regarding joining the new station.

More and more stations across Minnesota are discovering the power of Darrin Rosh's "Minnesota Christmas Eve". Yes, it's sappy and sentimental like "Christmas Shoes" but that's its charm...and the reason for its success! If you still need a copy, ask fast. Christmas Eve is but a few days away! Runestone Records

Cincinnati Fall Book, Phase 2 Trend. Clear Channel N/T WLW has a great middle trend. Don't be surprised to see Low Millions "Eleanor" comfortably in the top 20 by the time industry trades come back in 2005. Each week, this memorable song becomes more and more familiar to more and more listeners. That's what makes a hit...well...a HIT! EMI/EMC

Where there's smoke, there's fire. That old adage has proven true once again with the recent controversy over American troops and cigarettes. Like many others, WSCR/Chicago's morning host Mike North read the story of Lance Cpl James Miller, the Marine in Iraq who was photographed with a cigarette recently. He claimed to be running low on smokes, and that statement inspired North to hold a Smokes for Soldiers drive last week. This naturally drew the ire of the American Lung Association. Joel Africk, a rep for the Chicago branch of the Association, criticized the drive saying that "sending them a product that, when taken as directed, will kill them" is not the best way to support our troops. Former military man North countered with criticism of his own saying, "The last thing on a soldier's mind is catching lung cancer. It's a little twisted that they want to deny our guys cigarettes." Defense Secretary Donald Rumsfeld, always on ball with helpful advice, has asked smokers to drop the habit "in the best interest of our fighting force." Interestingly, he did not add that in lieu of cigarettes he would be sending body armor which, when used as directed, can prevent death.

The Blender's "When It Snows" is now on dozens of stations across the Midwest, with a surprising number of spins coming in REGULAR rotation for this infectious holiday track. Remember, their new album **Holiday Best** is available in stores all across the region (Best Buy, K-mart, Wal-Mart, etc.)! Just like hearing their music on the radio, the whole CD makes a great holiday gift! Let your listeners know! **Sounds of the Season Records**

Looks like **Al Franken** won't be shutting up any time soon. The outspoken Minnesota native recently signed on for another two years with fledgling liberal talk network **Air America** that has shown strong ratings in New York and Portland, OR. Franken joked that he, "re-upped with Air America in order to spend less time with my family."

The **Fargo Forum** reported recently that long-time KFGO-AM/Fargo talker **Ed Schulz** has "no plans to leave KFGO at this time." Schulz's deal with KFGO will expire soon and the future of the show has been up in the air with Clear Channel/Fargo's GM **Dick Voight** commenting, "we haven't got that confirmed yet. When we get it confirmed, we will have a news release on it". In addition to his local show, Schulz does a syndicated national show for **Jones Radio** and **Democracy Radio**.

The set-up is now complete: **Richard Marx**' "Ready To Fly" will be re-served to radio shortly after the first of the new year. This song is a hit, and **EMC** is ready to prove it!

You know you've made it when **Sharon Osborne** calls to personally curse you out. If this is, indeed true, WMMS (The Buzzard 100.7)/Cleveland PM drive-time host **Maxwell** can rest easy; he has arrived. The **Clear Channel** Rocker was featured in an episode of **MTV's Battle for Ozzfest** because of Maxwell's encounter with the Norwegian metal band **Dimmu Borgir**. The band was in studio interviewing when the line of questioning went sour. Maxwell made the mistake of asking about the reaction to the open homosexuality of front-man (and former member of Judas Priest) **Rob Halford**. Apparently it was not a subject that was up for discussion, as the band immediately let loose a string of expletives, eventually ending with the Norskies being kicked out of the studio. The all-important Osborne phone call was received not long after with Sharon, delicate flower that she is, saying that she wished she'd been there to punch Maxwell in face herself. Well, then.

The best and the brightest in Chicago will be out on December 20<sup>th</sup> when **Clear Channel**'s Urban WGCI, Urban AC and Gospel WGRB-AM throw a party for the Illinois' charismatic new Senator, **Barack Obama**. The Obama Celebration, as it is being touted, will be hosted by WGCI's "Crazy" **Howard McGee**, WVAZ's **Ramonski Luv & Joe Soto**, Tornado of WVAZ, and **John Hannah** of WGRB's **Praise Party**.

The **Museum of Broadcast Communications** campaign will be receiving a generous holiday present from radio legend **Paul Harvey** and his wife, **Angel**. The couple will be making a \$1 million contribution. It's a family affair, continuing a long history of charitable donations to the museum totaling almost \$2 million since 1987. Angel, producer of ABC Radio's **Paul Harvey News**, **Paul Harvey, Jr.**, writer for **The Rest of the Story**, and Paul himself are all members of America's **Radio Hall of Fame**, which is located in the MBC.

The University of Oklahoma is a-buzz with anticipation for the new fight song created for their football team. The song, entitled **Boomer Sooner**, was interestingly crafted not in OK, but in Indianapolis. The Indiana-based Bob and Tom show's **Tom Griswold** and their bandleader **Duke Tomato** wrote the ditty for KRXO/Oklahoma, to be featured on the **Sooner Sports and Radio Network's Coaches Corner** and will be played at the **Orange Bowl** pre-game show.

**Musictech College** of St. Paul, MN - the recording industry school which provides an annual Conclave scholarship - will be changing its name to **McNally Smith College of Music**, reflecting the names of its founders, **Jack McNally** and **Douglas W. Smith**. The change becomes official next month (the college's European campus, which opened in Lÿbeck, Germany, this fall is already known as McNally Smith), and is a fitting honor for Jack - who was instrumental in the establishment of the Conclave scholarship 4 years ago. Also, officials announced that the college was recently accredited by the National Association of Schools of Music to offer a Bachelors of Music Performance degree, and they are now seeking state approval to offer four-year degrees. Currently, students work on two-year degrees in performance, recording and the music business (the department which awards the Conclave scholarship), then can transfer to other institutions to complete a four-year degree. The college celebrates its 20th anniversary next year!

*Oo-Wee...Oo-Wee, Baby - Won't You Let Me Take You On a Sea Cruise!*  
Wanna hit the ocean with a legendary radio icon? You can next summer, when *A Prairie Home Companion's* **Garrison Keillor** sets sail along the Atlantic coast in late August to Nova Scotia with 1200 listeners (who, unlike winners of commercial radio contests involving trips, will have to pay for the voyage). Says Keillor, "I can't think of a better way to spend the dog days of summer than sailing to the Canadian maritime provinces with like-minded odd people." Why Nova Scotia? Garrison reveals, "I'll happily tell you about my Keillor ancestors who landed in Halifax in 1774 and spent a hard century trying to farm the tidal saltwater flats until they escaped to Minnesota." It won't be a cheap week on the seas with Anoka, Minnesota's favorite son. Expect to dish out \$1,400 to \$3,800 per person to join Keillor on the poop deck.

Taking time off the slopes long enough to share some good news this week was **Tom "It's All Downhill" Fricke**, PD of KYSL/Vail, with a report that The 20th annual Krystal 93 Microphone Marathon last week raised more than \$30,000 for Summit County's **Family and Intercultural Resource Center**. Says Tom, "For two decades, KYSL-has turned over its microphone for one day each year to the FIRC for the Microphone Marathon, an all-day event in which a Krystal 93 air personality remains on the air for as long as required to meet an annual donation goal by auctioning a number of gift packages from area merchants. I've hosted the past three marathons and was on the air with FIRC Executive Director Christina Carlson for almost 14 hours this year en route to successfully meeting a fundraising goal of \$30,000 - the highest goal ever set." Congrats, Tom!

**CONCLAVE PROVIDES A HOLIDAY GIFT TO YOU!** Because of the demand for the Conclave's \$199 early-bird registration – and the fact that many have quietly hoped the fee could be counted as part of NEXT year's budget – the Conclave is extending the \$199 rate until Tuesday, February 1<sup>st</sup>, 2005! If you thought the Conclave's earlybird rate – the least expensive in the business by at least a hundred bucks - was a good bargain before, it becomes even greater now! You already know Mancow will be presenting an uncensored keynote at the 30<sup>th</sup> annual Learning Conference (**Conclave XXX-Hard Core Radio**, July 21-24 in Minneapolis), and many more special guests and sessions will be announced in the coming weeks and months. The bargains don't stop with the earlybird rate either. Specially priced rooms at the host hotel – **The Marriott City Center** – are just \$105 (while they last). That's at least fifty bucks cheaper than group rates available elsewhere! Let's do the math. Registering for the 2005 Conclave in January and securing a Marriott room for 3 nights will save a registrant at least \$250 over other conferences scheduled for next year. Happy holidays...with a promise of a very happy summer in Minneapolis...from the Conclave! Visit [www.theconclave.com](http://www.theconclave.com) for more details.

N/T stalwart WKZO/Kalamazoo raised more than \$40,100 for their local food bank- **Loaves and Fishes**, bringing the three-year total to over \$100,000. The funds were generated through sales of **Lori Moore's "Holiday Dish to Pass"** cookbook of easy-to-make holiday recipes. "Once again, Lori Moore and the WKZO listeners came together to help us. This means that we can continue to meet the growing demand for our emergency services", said **Anne Lispey**, Executive Director of Kalamazoo Loaves and Fishes. "We are thrilled. Our Potluck Pals came out to support us in a big way! This surpassed my wildest expectations," said WKZO Morning Show Host **Lori Moore**. Nice job, Lori & gang!

The hosts of **Clear Channel's** Classic Rocker WDTW (106.7 The Drive)/ Detroit teamed up with **BD's Mongolian Barbeque** to raise funds for the **Children's Home of Detroit** on Wednesday (12/15). Morning guys **Dave Fuller** and **Chuck Diamond** were joined by afternoon host **Joe Thomas** in a master-griller competition. From 6-8 pm the patrons of BD's were treated to the culinary skills of the three radio personalities, voting for their favorite. All tips were donated and BD's gave 10% of sales to the charity. The title of "King Griller" and the total amount raised have yet to be announced.

Congrats to **DWS Inc.** AC WHMS (Lite Rock 97.5)/Champaign, IL's **Mike Haile** on his "**East Central Illinois Favorite Radio Personality**" award. **Diane Ducey** also receives props as "**Favorite DJ**".

**Clear Channel's** Oldies WSAI-AM/Cincinnati is in for a format change and along with a switch to liberal talk, will come a powerhouse name. Filling the 9am-Noon (ET) slot will be none other than **Jerry Springer**. Springer is best known for his dumpster diving talk show, but is also a former Mayor of Cincinnati. He will do the show from Chicago Mon-Wed. and from Cincinnati Thursday and Friday.

**Clear Channel/Miami's Kelly Kelly Kelly Doherty** will be heading heading cross-country to take over the Creative Services Director position at Top 40 KIIS/Los Angeles when seven and a half year veteran **Jeff Thomas** steps down. Thomas will be launching his own private production and imaging consulting firm. Doherty got her triple moniker when she made her big market debut at **KDWB/Minneapolis** a few years ago.

Need a fun morning show guest in one of the deadest parts of the year (for morning show guests, at least)? Award-winning comedian **Richard Jeni** cements his place among the stand-up elite when he returns to HBO for his 3rd one hour special "**A BIG STEAMING PILE OF ME,**" premiering Saturday, January 15<sup>th</sup> @ 10:00PM ET/PT. And YOUR morning show may be able to have Richard as a guest (Richard's availability and schedule, notwithstanding). Need an endorsement for Mr. Jeni? How's this from **Chris Rock**: "I think Richard Jeni is one of the best comics who ever lived." Contact **TATTLER** friend, **Jeff Abraham** at 310-656-3355 or email [jeff@JonasPR.com](mailto:jeff@JonasPR.com).

Condolences go out to the family and friends of two Nebraska broadcasting veterans: **Gordon Bennett** and **Max Brown**. Both men were prominent in the Nebraska Radio scene with Bennett as the retired National Sales Manager fro KRVN and Brown as the founder of an entire network of stations focusing on Nebraska agriculture. Both men passed away on December 14<sup>th</sup>; Bennett was 65, Brown was 93.

Last Monday, former WDAY radio broadcaster **Don Johnson** passed away at his home in Lisbon, North Dakota. Don had retired from broadcasting a few years ago for health reasons. He was a **Brown** Graduate from 1965 and had worked in several stations throughout the Midwest during his career...most notably at WDAY in Fargo. Condolences to his family.

**CHANGES.** **Lisa Kosti** will exit her position as MD at **Federated Media** Country WBYT/South Bend on Friday. (12/17) PD **Clint Marsh** will step into her vacant shoes...Afternoon host **Damon Bruce** has left sports WBNS-AM (Sports Radio 1469 The Fan)/Columbus, OH...At the end of December, ten year veteran **Pat Benton** will be leaving **Mississippi River Radio AC WUEZ** (Magic 95.1)/Marion Carbondale, IL's **Celebration of Life** morning show...Morning team **Darren Wilhite** and **Tim Wall** have left after a two year run at WYCD/Detroit.

Correction: Last week's **TATTLER** identified Cleveland as the site for the **Damageplan** concert murders. A club in Columbus was the actual site of the tragedy.

**AVA/LZ.** Veteran **Steve (Shug) Hunter** is on the prowl for his next gig. He's currently working part-time for Clear Channel/Minneapolis, but would like to rejoin the 8-10 hr/day grind! Find Steve at 952-457-7060 or [schug68@msn.com](mailto:schug68@msn.com).

This is the last scheduled *TATTLER* of 2004. Of course, breaking news could change all that! Keep your press releases, photos, job listings, etc. coming! Unlike our brethren in the music and industry news-sharing businesses, the **Main Street/Conclave** offices will be open through the holidays (if you've got a radio job, YOU'RE working – so, why don't we?). Thanks for your support of Main Street as it heads into its 19<sup>th</sup> year of existence, and the Conclave as it heads into its 30<sup>th</sup> year in 2005. *Rumor: will 2005 see some dramatic, but positive changes for the staff and management of Main Street, THE TATTLER, and the Conclave?* Stay tuned! **Happy (choose one or more): 1) Christmas 2) Hannukah 3) Kwanza 4) New Year 5) Less is More 6) Hour!**
