"All the news that fits, we gits!"

You wouldn't think a tragic traffic accident involving the death of a 3 year-old would provide controversial fodder for talk radio, but that's just what happened this week in Minneapolis. **Hubbard Broadcasting's** talk KSTP-AM evening host **Chris Krok** – no stranger to controversy – got into a profanity-laced dialogue last Wednesday with the parents of a toddler killed earlier this week in a car/bus accident. They apparently called after Krok criticized local TV stations for airing bitter, accusatory comments the mother made at a news conference that day, lashing out at the bus driver who hit the vehicle her son and husband were in (the driver has not been charged), using words like "murderer." Krok contended the press conference allowed the mother to unfairly paint the bus driver as a villain or criminal without having any substantiation. Early in the show, callers checked in with suggestions that the presence of "Satan" in the parent's lives compelled them to speak out in accusatory grief, a notion Krok agreed with...and a position that fueled the later exchange. A sample of mother's on-air comments: "You go to hell. You don't talk like that. That is my child, my 3-year-old son, you son of a bitch. My 3-year-old son — he's dead. He's gone. He'll never ever be here again. Ever. I will never get to touch my little baby..." Krok said he caught the worst of the profanities before they aired, but not all of them. KSTP PD, **Joe O'Brien** said the exchange would not likely draw FCC penalties but he added, "I've been doing this a long time and (experienced) a lot of controversial moments, but never a time like this." Krok later told the *St. Paul Pioneer Press*, "I do regret two things: raising my voice and (allowing myself to be) sucked into the anger...The other thing I regret is making it personal — doing what the mother was doing." The newspaper reported O'Brien said it was a "learning experience" for Krok, and that he (Krok) has not been reprimanded, adding that he expects no change in policy.

**Clear Channel** Country KEEY (K102)/Minneapolis kicked off "Operation Northern Lights," a promotion to get phone cards into the hands of MN troops stationed in Iraq over the holidays. Station personnel including morning guy **John Hines**, Clear Channel RVP **Mick Anselmo**, and local photographer **Linda Cullen** personally delivered the phone cards to the troops while they were imbedded with the **National Guard Twin Cities Unit B company, 134th Signal Battalion**. Five other Clear Channel Country stations in the region participated in the promotion.

**Hines** also did call-ins from IRAQ, which aired on K102 as well as the other stations. Anselmo produced the segments, and Cullen posted photos on [K102.com](http://K102.com).
