**Big Flip in Minny.** Clear Channel's smooth jazz KJZI will morph into FM talk early next year. In January, KTLK FM 100.3 will launch with **Rush Limbaugh's** live broadcast and then next August, **Sean Hannity** will also join the station live. Both shows were appropriated from cross-town **Hubbard AM talker – KSTP**. In a staff memo, Hubbard GM **Todd Fisher** said the KTLK's launch "does not come as a surprise". He added that the removal of Limbaugh and Hannity "dovetailed with conversations we'd already been having about our future strategies and the state of syndication, particularly the conservative political shows that have shed much of their entertainment value." To what was Todd referring? According to the spring book, Rush Limbaugh's show lost 43 percent of its 25- to 54-year-old audience in the past year and Sean Hannity's show was off 63 percent in the same demo and same time period. As early as last week, Todd told the *Minneapolis Star-Tribune* "We have really become concerned with what I would call their tight play list of topics revolving around politics. We respect them and they've done well for us, but we're really in a quandary here." Apparently, Clear Channel solved the quandary for Hubbard by plucking the two away from KSTP. The CC plan will be to house Rush and Sean in a stable which will feature live, local, and not-necessarily partisan morning, midday and late afternoon shows. And there may be a longer-term method to CC's madness: the broadcast rights to the **Minnesota Twins** will be up for grabs soon and it's no secret Clear Channel would love to put them on a local channel of their own. Perhaps the presence of KTLK, coupled with the successful sports-talk KFAN, might make a more attractive package to offer the Twins when they ultimately decide whether to stay with longtime flagship, **Infinity's WCCO-AM** (CC already holds rights to the **Minnesota Vikings**). Stay tuned.

Radio across the Midwest and America have taken to fund-raising for the victims of the horrific Katrina. We'll put a few stories in the *TATTLE R* (space permitting) about how stations are responding. We'll share this bit of advice from **New World Communication's** promotion guru, **Paige Neinaber**, about collecting items for personal, station delivery to the hurricane-ravaged communities for maximum public exposure and participation: "Where do you go? Drive. Find a town. Pull up and start handing it out. It's that simple. Don't over-think this. Like with 'Charlie' you might have some paperwork to fill out. Just do NOT give this to the Red Cross. AND make sure you do it live on the air." *TATTLE R* note: Certainly, if your station *cannot* drive to the cities/counties in need you can (and should) deliver your collected goods to

the **Red Cross, Salvation Army** or any other recognized national assistance organization. The bottom line for any and all support your station will be giving the Katrina victim recovery effort is to assist human beings in need. Once that primary goal is being accomplished, you can let your community know what you're doing/did.

This morning, **Entercom/Indianapolis' News Talk 1430 WXNT-AM** and **Z99.5** hosted a joint "Drive-Thru Donation" campaign to raise money for the **Salvation Army** Disaster Relief Efforts in Gulf States hit by Hurricane Katrina. Listeners were asked to drive by one of their pre-announced locations and drop off cash, or checks. Representatives from the Salvation Army were on hand at all locations throughout the day to help. The stations also included a link for online credit card donations on all of its websites.

**Saga's** WSNY/Columbus morning duo **Dino & Stacy** are conducting a 30-hour radiothon to raise funds for the Red Cross relief effort. The station's entire staff will man the phones to take donations.

The **Infinity/Kansas City** cluster (Top 40 **KMCV**, AC **KSRC**, Country **KBEQ**) has teamed up with area grocer **Price Chopper** to fill four Uhauls with over 70,000 bottles of water to be driven down to **Hurricane Katrina** victims.

Conclave regulars and nationally-syndicated morning show "**Bob & Sheri**" announced details of a fundraising campaign to benefit the victims of Hurricane Katrina. Hosts **Bob Lacey** and **Sheri Lynch** made the announcement throughout their broadcast this morning. The effort, "Beads for the Bayou," will allow listeners to make a cash donation to the Hurricane Katrina relief effort in exchange for Mardi Gras beads. All monetary proceeds to the "Beads for the Bayou" campaign will be donated to the American Red Cross. The campaign will be open to participation for all Bob & Sheri affiliates nationwide. Listeners from across the country will be able to log on to the official Bob & Sheri website, [www.bobandsheri.com](http://www.bobandsheri.com), to check their local markets for more specific details and donation locations.

It looks like 2005 Conclave Keynote **Mancow Muller** will be staying put at **Emmis** Alternative WKQX/Chicago. Rumors had been circulating about the irreverent morning man's possible relocation to **Infinity** Talk WCKG as a replacement for the satellite-bound **Howard Stern**. In the **Chicago Sun-Times**, WCKG **VP/GM Marv Nyren** was reported as giving credence to the fact that at one point the move was a possibility, but the current situation has Muller sticking with Emmis. No Stern replacement is, as of yet, seen on the horizon.

**Clear Channel** AAA KTCZ/Minneapolis-St. Paul PD **Lauren Macleash** has been named **National Adult Album Alternative Liaison/Director**. While maintaining her duties at KTCZ, Macleash will now be at the helm of development and programming for all of Clear Channel's AAA stations. She'll be partnering with artists and labels as well in order to put together marketing opportunities. Macleash has a rich radio history that spans over a decade in the AAA format, most of it right at KTCZ!

For more info on CRS-37, call (615) 327-4487.

Congrats to former **Conclave** Board member and current Director of Sales for the Conclave, **Brad Fuhr** who has accepted the LSM position at KTLK-AM 1150 in Los Angeles, **Clear Channel's** Progressive Talk station which features many **Air America** personalities. Brad is also involved in the syndication of progressive-talk personality Harrison, who not so coincidentally has a weekend show on KTLK, as well. He'll move from his Chicago home to begin in El-Lay in mid-September. (And yes, those are the same call letters which will be parked on the FM dial in Minneapolis at the beginning of 2006...which you noticed as you read today's lead story).

**Changes. Mike Reagan** takes on an account exec slot in addition to his morning duties at **Regent** country WWJO/ST. **TALENTRAK 2005!** The 10<sup>th</sup> edition of the Conclave's exclusive air talent seminar, TalenTrak 2005 is Saturday, October 15<sup>th</sup> at the **Holiday Inn/City Centre Lakeside** in Cleveland, Ohio (specially priced rooms are available for \$89/single-double – call 216-241-5100!). The day begins at 9AM with a rapid-fire series of hard-hitting instruction. Then, it's TalenTrak Keynote time with X-treme Radio/Cleveland's controversial morning talent, **Rover!** At 2PM, it's the all-important **Aircheck Clinic** (for the first 60 registrants, only; bring your scoped 3 minute aircheck ON CD ONLY!!) At the conclusion of the day, TalenTrak presents "Great War Stories of Radio," and intimate glance at the trials and tribulations of some of the industry's most successful air talents, taught in story form! You'll laugh, you'll cry, and for sure – you'll learn! It wouldn't be a Conclave event if more food and drink weren't supplied, so that's why the TalenTrak Happy Hour wraps up the day! Faculty for all these sessions will be announced shortly. The price for all this learning? Just \$49 (\$39 if you're part of a group of 4 or more from the same station/cluster who register at the same time!). But hurry, these special tuitions expire just one month from now. For more details, check [www.theconclave.com](http://www.theconclave.com) or call the Conclave office at 952-927-4487.

**Dan Bernstein** and **Terry Boers** will be sliding from middays to afternoons at **Infinity** Sports WSCR/Chicago; this move will make way for **Mike Mulligan** at the 10-noon slot. An as yet unannounced new show will fill the latter half of the midday broadcast. These moves come in as a result of the expansion to a full hour of **Jon Najarian's Jocks and Stocks** morning show.

After nearly 150 hours of dead air brought on by a lighting strike on their transmitter, **Carter –Sherman Urban** KSMB/Wichita returned to the air on Tuesday (8/30).

Conclave Board Member and **McVay Media** VP/Adult Formats consultant **Daniel Anstandig** has been tapped to oversee the overhaul **Tesh Media's** online portal [www.tesh.com](http://www.tesh.com).

Gas prices getting you down? Why not follow in the wheel ruts of **Clear Channel** Top 40 WKQI/Detroit's **Spike**? In protest of the ever-increasing prices, the morning co-host drove a horse and buggy to work. The trip was captured on tape by local news helicopters, including a swing through **McDonalds** where Spike treated his horse to a fruit and walnut salad.
