**1986-Main Street's 20th Anniversary-2006**

Former Top 40 WNOU/Indianapolis morning man **Dennis "Billy Breeze" Grubbs** and the station's owner **Emmis** have settled in a suit brought against both of them by Grubbs' former girlfriend **Bonnie Jean Ventress**. Charges were originally brought when the radio jock allegedly broadcast Ventress' personal cell phone number during his morning show after their breakup. He offered a prize to the listener who could harass her most. The suit alleged that several death threats were made. Details of the case have not been released. The ironic new job for Grubbs? Afternoons on Contemporary Christian WAYF/West Palm Beach, under the name **Randy Haze**.

By the time your read this, **Disney** may have sold **ABC Radio** to **Citadel** for a reputed \$3 billion. *The New York Times* earlier this week said that Disney rejected **Kohlberg Kravis Roberts** and **Entercom** to go into exclusive negotiations with Citadel.

During construction on the new **Bott Broadcasting** KBCV/Hollister, MO tower, a bulldozer clipped a cable, killing **Michael Wilerson** of Lawson, OK when the accident toppled the tower. Condolences to family and friends on the loss.

**Shawn Stewart** is promoted from APD/MD/middays to PD for **Entercom** AAA KMTT/Seattle; she'll be replacing **Chris Mays** who left for a PD spot at **CBS** Hot AC KLLC/San Francisco. Shawn spent time at Rev 105 in Minneapolis before moving on to Seattle.

A most interesting move was made by **Cumulus** earlier this week, as it announced it would no longer allow its music stations to report adds to the trades. And all non-monitored Cumulus stations will no longer submit their playlists to the trades, effectively ending their reporting status to publications such as *Radio & Records*. *R&R's* Editor **Kevin Carter** posed the question "why" to Cumulus EVP **John Dickey**, who explained, "I just couldn't think of a good reason why we did it. Our PDs, depending on format, are charged with being innovative and aggressive locally in the markets we program to, and I still don't think the reporting of adds encourages that local process... To some extent, the process became so confining because programmers were limited to whatever the label gives us every week, which I felt led to some unfortunate consequences... Adds were running up and down the chart very quickly to make room for 2-3 more songs next week. Programmers were encouraged to move songs quickly through the system because that's the way it has always been done. From our perspective, that system is not in the best interest of our brands — our listeners expect more from us; they expect us to be more circumspect with regard to new music, and that's why we're no longer going to participate." Some speculated out loud that the Cumulus initiative may have been prompted by a combination of the on-going **Elliott Spitzer** investigation coupled with Cumulus' expected receipt of it's newly purchased **Susquehanna** properties sometime next month. All this makes the other announcement coming out of Cumulus this week — that Cumulus' indie, **John Kilgo**, is now on staff at Cumulus Media to develop business models for the company's dealings with record labels — even more intriguing.

**CBS** T40 KMXV/Kansas City names **Dave Johnson** as MD, replacing **Joe Mack** ([hohtz@aol.com](mailto:hohtz@aol.com) or 913-961-0816). Johnson is also APD/MD/Morning co-host for sister Hot AC KSRC. Could it be that "Just Plain Dave" may take on Taylor's PD duties? Johnson isn't saying yes, but he's not saying no! He did tell All **Access** "KSRC changed call letters last night at midnight to KCKC. The station is still HOT AC for now." What other changes may be in store for the KC CBS cluster? Stay tuned!

**Colleen Kuczinski** was ecstatic when she and her 1986 Chevy S10 truck were named the winners in **Clear Channel** Top 40 WKST/Pittsburgh's "Freak My Ride" contest; she had visions of "a new paint job and new audio, something (she) could let (her) son drive", but the results were not what she'd expected so she's suing the station. Local **Greenwald Automotive** owner **David Greenwald** and his crew spent long hours overhauling the cars of five winners, "freaking" Kuczinski's with a copper-speckled yellow paint job, hooked up an air-ride suspension and installed a stereo and entertainment system in the bed, complete with a TV, barbecue and cooler....but with an unexpected twist: The winner wasn't able to drive it home. "It's beautiful, but not drivable," said Kuczinski, "the frame was cut. It was held together with speaker wires...At first I wanted to enter it into car shows and get recognition for Greenwald's, now my goal is to have a street-legal truck that I can drive." Clear Channel had no comment on pending litigation.

**Bonneville** AC WILV/Chicago welcomes radio vet **Ric Lippincott** on board to fill the PD shoes left vacant by **David J.** This marks a return to radio for Lippincott who's most recent gig was as a principal in the **All Comedy Network**; before that, he was VP/Promotions at **Curb Records** and **Zoo Entertainment**. He's no stranger to PD duties thought as he was OM/PD for **ABC's** WLS during its Top 40 heyday and also doing the PD honors for T40 WYTZ. In his spare time he's also managed to get his commercial pilot license. Lippincott has some changes in store for the station, according to the **Chicago Sun-Times Robert Feder**, including a focus on "more high energy 'feel good' songs."

**Clear Channel/Toledo OM Bill Michaels** welcomes **Aaron Roberts** on as PD for Rocker WIOT saying, "Aaron has done a great job with his station [WROV/Roanoke] and is ready for the challenges that WIOT will bring. [He] understands our mission and is looking forward to the ratings and revenue potential that WIOT will bring." They key to Aaron's success? Could one reason be that he was the 1991 Conclave Scholarship winner?

**Midwest Communications** has purchased a four-station Kalamazoo cluster from **Fairfield Broadcasting** for \$13.25 million. The stations are: AC WQLR, Talk WKLZ, Sports WQSN, and Talk WKZO. **Steve Trivers** will consult for the next five years. In a statement to the **Kalamazoo Gazette**, **Fairfield's Bill Wertz** was quoted saying, "We are the last truly locally owned day-operated media in Kalamazoo. That officially will end, but- and it's a huge but- Midwest is here and has been here for several years."

It's a South Dakota Shuffle for **Aberdeen Radio Ranch** as Talk KGIM flips to ESPN Radio Sports. This will shift **Bob & Sheri** from KGIM back to AC KBFO while **Ed Schultz** and **Rush Limbaugh** are being dropped. Meanwhile, sister Sports KSDN jumps to a Talk schedule with mostly local voices, such as **Denny Pitman**, **Doc Sebastian**, **Mike Johnson**, **Curt Campbell**, **Lee Cummings** and **Scott Allan**, finding a home. Also, **Premiere's "Coast-To-Coast AM"** and the local **Agritalk** will move from KGIM to KSDN.

Following a commercial-free 10,000 song run in their new format, **Clear Channel** Country WMAD/Madison, WI has announced its personality lineup. Morning will be handled by **Mark Manuel & Jodie Shawback**, both vets with Manuel boasting a 10-year morning career at WHTS/Quad Cities, IA and Shawback coming from a morning gig at WRHT/Greenville-New Bern, NC. MIDDAYS, meanwhile, go to **Karen Foxx** who doesn't have to travel far from her former post at sister WMIL/Milwaukee. The trio of Afternoons/APD/MD duties go to **Boomer** who comes to the station from a Dir/Promotions/on-air spot at WSLC/Roanoke, VA. Finally, nights and Promotions will be manned by **Tyler Reese** who steps across the hall from sister Z104.

**Jonathan Steele** has been named by **Waitt Radio Networks** Dir./Ops **Chris Reeves** as Program Director for the Waitt AC-Active format. Steele has been Music Director for the format the past year and spent several years on-air in Denver.
