Two sessions presented by The CRB (Country Radio Broadcasters) are to be featured at the upcoming 2006 Conclave Learning Conference in Minneapolis. The 31st Annual Conclave is scheduled for July 13-16 at the Marriot City Center. The first session from CRB entitled "Charts-Dollars and Sense: Are We Making Any?" will be held Friday, July 14th at 9:30a.m. It's focus will be to examine a current release in depth, emphasizing research, physical sales, downloads, radio airplay, and audience impressions, Panelists include BNA VP/Promo Tom Baldrice, KEEY/Minneapolis VP/Programming Gregg Swedberg, Equity Music Group VP/Promotion David Haley and Daniels Country Radio Resources Pres. Larry Daniels. The 2nd session, called "Extreme Makeover: Radio Edition!" will be on Saturday, July 15th. Saturday, July 15th is the date for the Second Annual Conclave & Brown College Learning Conference Job Fair. The best news about the job fair, which will run from 9 AM until Noon at the Marriott City Centre in Downtown Minneapolis: it's FREE for both employers and job seekers! If any participating employer or applicant who isn't already registered for the 31st annual Learning Conference but who wants to take in the remainder of Saturday's conference agenda, the cost will only be \$59 - which includes lunch! The Job Fair is designed to assist OWNERSHIP and MANAGEMENT in their quest to fulfill their challenging EEO requirements, while allowing job hopefuls a little "one stop shopping" by providing the possibilities of new opportunities, all under one roof. Employers will have access to the professionally charged atmosphere for which the Conclave has become famous and applicants will meet representatives of innovative, creative companies who are interested in hiring the best talent available. "The response to last year's inaugural Job Fair was nothing short

of stupendous," said Tom Kay, Conclave Executive Director and occasional TATTLE R, "Dozens of professionals visited with a full-house of prospective new employers a year ago, and we received rave reviews from both. We're happy to present our Job Fair to help owners and managers fulfill the government's mandates on recruitment and diversity. What's more, the Job Fair proved to be one of the weekend's most valuable networking tools for unemployed or under-employed industry professionals and students. The Conclave loves creating 'win-win' situations for radio." He added, "Like last year, every employer who conducts interviews at the Fair will be receiving valuable documentation they can use as proof of their outreach in hiring. It's another way the Conclave adds value to its Learning Conference - and to radio." Employers interested in reserving a table are encouraged to contact Karol Baumeister of Brown College at 651-905-3499 or Tom Kay of the Conclave at 952-927-4487 to reserve space. Space is limited to the first fifteen employers who respond by Friday, July 7th - so hurry!

The Conclave announced today the agenda for the All Access Conclave College taking place on day one of "Conclave 2006: Future Tense!" Traditionally the official start to the Conclave Learning Conference, the All Access Conclave College, scheduled for Thursday, July 13 at the Marriott City Centre in Downtown Minneapolis, is four hours of intense education geared towards those in radio programming or those looking to break into management. The line-up for the 2006 All Access Conclave College is: At 1 PM, legendary radio programmer, author, actor and The Radio Studio Network President, Steve Warren, presents "Top 10 Biggest Programming Mistakes." Mr. Warren will give these reasons along with the ways to avoid these management career busters. "Dear Diary? The Arbitron Session" begins at 2 PM with Arbitron's Senior VP of Marketing & Business Development, Bill Rose. The session will assist programmers in learning how radio diary holders make their listening decisions and what methods Arbitron uses to track your most important commodity; the listener. Coleman Vice President, Warren Kurtzman, presents "Inside vs. Outside Thinking" starting at 3 PM. Kurtzman, who's experience providing strategic planning and music branding to stations such as KGO/San Francisco and KILT/Houston, will show attendees how they can make a long-term plan that will better serve their company and in the end, better serve their listeners. At 4 PM, as has become an annual rousing conclusion to the Conclave College, the Conclave presents the "Group Heads Super Session!" Again this year, some of today's top owners and managers will discuss the latest hot topics and take part in a Q&A session with those in attendance. Confirmed for this year's room filling event: CBS VP Greg Strassel, Cumulus VP Charlie Cook, Emmis Communications President/Radio Division Rick Cummings, Greater Media, Inc. President & CEO Peter Smyth and the Super Session moderator and Saga Communications Executive Vice President & Program Head, Steve Goldstein.

Reports indicate the **Tribune Co.** may be considering a spin-off its broadcasting interests (25 TV stations and Talk WGN-AM/Chicago.) The company has been reported as “seriously considering” the spin-off and has discussed the possibility with the **Chandler** family trusts (former owners of the **Los Angeles Times**, who became **Tribune** shareholders with the sale of the **Times Mirror Co.** to **Tribune** in 2000) the Chandlers, however object to the timing and strategy while still expressing enthusiasm of a spin-off possibility. A broadcasting spin-off may be an indication of the eventual demise of the company, which owns papers like the **Baltimore Sun, South Florida Sun-Sentinel, Newsday, the Los Angeles Times** and the **Chicago Tribune.** **Knight Ridder**, another major news group, was recently sold to **McClatchy Co.**, which has dissolved the group, by spinning off some of the **Knight Ridder** papers like the **Philadelphia Inquirer** and the **Daily News.**

John Gehron, whose career has spanned 35 years, has indeed been hired to head up **Oprah Winfrey’s Harpo Radio.** Formally, Gehron served as PD at **WLS-AM, Clear Channel** and Sr. VP/Market Mgr., and in a similar role for **Infinity.** His new role as Harpo’s GM will include overseeing programming and overall operations for the XM Satellite’s “Oprah and Friends” channel that will debut this fall.

Clear Channel’s Country **KZSN** (Kissin’ Country 102.1)/Wichita’s **Rockin’ Rick Regan** will participate in government operation “Embedding” that will place him among troops in Iraq for 2 weeks. The program will feature Regan’s live broadcasts via satellite several times a day as well as daily audio, print reports, and photographs. Regan’s “Iraq Trip” daily blog can be found on the **KZSN** website www.kzsn.com in mid to late June.

6/6/06 didn’t pass over horn-raising rock station **Emmis Rocker KSHE/St. Louis** unnoticed. Someone or *something* took over the airwaves for a scary 15 hours. A rattled **Rick Balis** (**Emmis/St. Louis** VP/Director of Programming) explains: “Our music was scheduled like always, but what came out of the speakers was frighteningly different.” Not their regularly scheduled programming at all, instead, listeners were creeped out by music from **Mike Oldfield’s** *Tubular Bells* album, better known as music from “The Exorcist”. If that wasn’t weird enough, the **KSHE** jocks banter and played the air-checks backwards, it was not the regular DJ fare but excerpts from the *Book of Revelations.* Listener’s who raced to their computers to check out **KSHE95.com** to find out what was going on were treated to graphics that flipped backwards every 66 seconds. And listeners with RDS-equipped stereos read “**KSHE 666**” on their displays. All this was too much for **Balis** who has been reported to have been forcibly removed from the stations premise during what witnesses describe as a breakdown, or possible possession by an evil spirit. Apparently, **Balis** kept screaming that he was **Linda Blair** and would someone please get him some pea soup! Things calmed down as the clock struck 12:01 Wednesday morning and all evil demons have left the building, at least for another century.

Three Wisconsin stations changed owners in the **Seehafer Broadcasting/NRG Media** swap. **NRG** closed the deal on Wednesday (5/31) and promptly flipped **Classic Hits WLRK** (Rock-It 107.9)/Wausau to **Rock Hits at Noon Thursday** (6/1) with new call letters **WBCV.** **Seehafer** got **Talk WDLB-AM/Marshfield, Sports WOSQ/Spencer, WI, and Talk WFHR-AM/Wisconsin Rapids, WI** in the trade.

Nine **Quarnstrom Media Group, LLC** stations were sold to **Curtis Squire, Inc.’s Red Rock Radio Corp.** The stations include, **Adult Standards KKIN-AM** and **Classic Country KKIN-FM/Aitkin, MN, AC KGHS-AM** and **Country KSDM (K-104)/International Falls, Country KFGI (Froggy 101.5)/Crosby, MN, Adult Standards WHSM-AM** and **Classic Hits WHSM-FM (Classic Magic 101)/Hayward, WI, Classic Hits WXCX/Siren, WI, and Hot AC WLMX (MIX 105)/Balsam Lake, WI.** The deal closed at a reported \$7.5 million.

Changes. Effective June 14th, **Triad Broadcasting /Peoria’s OM Scott Wheeler** (a.k.a **Rob Brown**) will leave to become the Operations Dir./morning co-host of crosstown Contemporary Christian **WCIC...**No word yet on a replacement for **Clear Channel** Smooth Jazz **WNUA/Chicago APD/MD Michael LaCrosse** who has announced he’s leaving the station after five years. No word on a replacement....**Northwest Missouri State University** noncommercial **KXCV-KRNW/Maryville, MO’s GM Sharon Bonnett** has announced her plans to retire on June 30. **Bonnett** has served over 34 years with the school, 21 of them as GM.
