HD-LITES AT THE CONCLAVE LEARNING CONFERENCE!

The Conclave, one of the first organizations to introduce HD Radio at an industry conference almost 10 years ago, announced two sessions that will give attendees a chance to meet and learn from the pioneers of HD Radio. These learning opportunities are part of “**Conclave 2006: Future Tense!**” being held at the Marriott City Centre in Downtown Minneapolis from Thursday, July 13 to Sunday, July 16. HD Radio is here to stay and the Conclave will help attendees to understand and embrace the technology. On Friday, July 14, “**HD RADIO – HD2: MAKING IT WORK**” with moderator **Mark Pennington**, Riff2 PD and WRIF/Detroit APD, will give a brief history of how we got to where we are now and how we can make HD radio viable for years to come. The session includes a Q & A session with the pioneers of HD radio. The line-up includes: **Dave Robbins**, Director, CBS Radio Digital Programming, **Cheryl Valentine**, VP Rock Promotion/Epic Records, **Buzz Knight**, VP of Program Development for Greater Media, and **Don Kelly**, Director-Broadcast Marketing /iBiquity Digital Corporation. “**HD2- THE REVOLUTION HAS BEGUN!**” scheduled for Saturday, July 15, is a fun-filled session designed to give attendees an opportunity to clearly hear airchecks from HD side channels. The demos will be provided from various HD Radio broadcasting outlets from around the country. Ibiquty Radio's Don Kelly will be along for the ride and available to answer the questions to all your HD Radio needs.

Just in: Salem syndicated talker WWTC-The Patriot/Minneapolis names **Nick Novak** as its new PD, while former Main Streeter **Jay Larson** exits as Promotion Director for the station to return to his first love (no, really!) as a cemetery manager for a large chain of Twin Cities mortuaries.

2006 SCHOLARSHIP WINNERS! The Conclave is proud to announce the recipients of its 2006 radio and music industry scholarship program, fulfilling one of the most important aspects of the Conclave's ongoing mission to educate and find the best and brightest industry professionals of tomorrow, today. The recipients, who are all expected to be on hand at “**Conclave 2006: Future Tense!**” will be awarded their scholarships during the *Arbitron Awards Luncheon* at the Marriott City Centre in Downtown Minneapolis on Saturday, July 15. Collectively, the 2006 scholarships are valued at over \$65,000. The Conclave's **Specs Howard School of Communication Arts Scholarship**, given in memory of the legendary Bill Gavin, is awarded to **Deven Khrucell** of Pontiac, Michigan, who will enter that school's Radio & TV Broadcasting Diploma program in Southfield, MI. **Andrew Culp** of Portage, Indiana will receive the Dennis Becker Scholarship, given in memory of one of the Conclave's founding fathers and a long-time Brown Institute educator. Culp will apply his scholarship to earning an Associate of Applied Science Radio Degree from **Brown College** in Minneapolis, MN. **The McNally Smith College of Music** scholarship this year has been awarded to **Kyle Frenette** of Chippewa Falls, Wisconsin. Frenette will work to earn his Degree in Music Business from the St. Paul, MN based school. In addition to the three full scholarships, the Conclave also announces the three winners of the \$1,500 **Doug Lee Memorial Baccalaureate Scholarships** – presented in honor of the Conclave's founder - which will be awarded to the following students in the state of North Carolina: **Chairity Holloway** of Winston-Salem State, **Richard Leiman**, from the University Of North Carolina-Charlotte and **Christopher James Bacon** of North Carolina State University.

At the **FCC's** open hearing Wednesday, a vote decided the Commission will re-launch its media ownership rules and review with six hearings across the country. Chairman **Kevin Martin** said that the Commission will approach the matter differently this time, not quelling Commissioners **Michael Copps** and **Jonathan Adelstein** fears, calling for more public response to specific proposals. **Martin** countered that the two were “rushing to judgment”. The **NAB** issued a statement in support of the **FCC's** action, saying “is pleased the **FCC** is moving forward with its media ownership review, and we hope the outcome brings greater clarity to rules that preserve free, over-the-air broadcasting's role as the premiere news, information and entertainment source for tens of millions of Americans.” The public has 120 days to comment on the proceeding.

“...Jupiter Rising. It's one thing to assemble some potential hit songs on a CD and they've got 'em. It's another thing entirely to be able to bring it live, and Jupiter Rising (lead singer “80” and collaborator/human beatbox Spencer) delivered big-time!” - **Kevin Carter, R&R**

"I am excited to deliver this presentation because its message is consistent with The Conclave's education-based mission," commented Kurtzman. "When the attendees see the virtues of Outside Thinking and learn to program and brand their stations by viewing them from the outside as listeners do, they will not only become better and more successful at what they do, they will help improve the quality of radio broadcasting overall." Commented Coleman president **Jon Coleman**, "We've heard a lot of discussion about how stations should do things differently to succeed in 'a PPM world. Warren's presentation will show how the things that have always made great programmers and great stations successful will continue to do so when PPM data becomes the ratings currency."
