At a time when radio is finally waking up to the importance of reclaiming radio's place with 12-to-24-year-olds, very few broadcasters can effectively approach that audience as peers. Radio lore has numerous stories of phenoms who were major-market PDs or managers by their mid-'20s in the '70s and early '80s, but who are today's phenoms? That's why **Edison Media Research** is teaming up with **The Conclave** in a search of "30 Under 30," 30 broadcasters—employed in radio in any capacity—under age 30 with exceptional achievements. Edison Research is collecting those names (now numbering over 200!), and will name the 30 winners later this winter. Those winners, in addition to receiving industry accolades, will be awarded full tuition to the Conclave Learning Conference, June 28-30 at the Marriott City Center Hotel in Minneapolis. Why? Because those winners will come together in a very special ceremony during the Learning Conference on Saturday, June 30th! But those aren't the ONLY winners in this unique search. You could win a new HD Radio just for submitting a name! How? It's easy. Visit <http://infiniteadial.com/30under30.php> and make a nomination. And what if somebody else has already nominated the person YOU'RE nominating? Not a problem. That person will be entered into the 30 Under 30 competition, and YOU'LL be eligible to win that HD radio! Nominate someone today!

Steve Jobs, CEO of **Apple**, and several major record labels got into a war of words this week when Jobs called upon labels to give up restrictions on music sold online. The record labels would have none of it, and retorted that perhaps it would serve them better to expand its anti-piracy technology to business rivals. According to the AP, RIAA Chairman/CEO **Mitch Bainwol** stated that currently technology hurdles prevent

music lovers from purchasing iTunes and loading them onto devices other than an iPod. "We have no doubt that a technology company as sophisticated and smart as APPLE could work with the music community to make that happen," said Bainwol. Currently, other protections in place prevent the purchase of music from other online music stores. Jobs argues that lifting the copyright technology would do wonders for the online music marketplace.

A permanent injunction has been placed on the city of **Toledo**, as well as Mayor **Carty Finkbeiner**, in a victory for **Clear Channel** Talk WSPD-AM/Toledo. The restriction will keep the city and the mayor from withholding public news conferences or refusing entry to station reps. The dispute has continued between Finkbeiner and the station for some time over the course of his administration, coming to a head in June 2006 when Toledo officials barred WSPD from news conferences and a physical attempt to stop WSPD staff from a January 9 press conference.

New goings on at **Ingstad** talk KFGO-AM/Fargo, as **Ed Schultz** returns for his local late morning show, and **Larry Ristvedt** returns as co-host. But those aren't the only changes around the bend in Fargo; **Jack Sunday** and **Sandy Buttweiler**, former afternoon cohorts, are moving to middays 10:30a-2pm. Poor **Rush Limbaugh** gets blasted off the schedule!

According to the **Chicago Tribune**, **Sam Zell** has his eye on Tribune Co.! The real estate king and former **Jacor** investor has proposed a "complicated" move to the company, which involves equity stake, and accumulating debt to pay dividends to the company's shareholders. The Trib reports that Zell has powwowed with **The McCormick Tribune Foundation** about the idea and describes the talks as "preliminary." Zell's own company, **Equity Office Properties** has been the victim of it's own takeover battles since November of last year.

Drew Walker, afternoon personality for **CBS Radio Country** WUSN(US99)/Chicago, was live this week from the **Chicago Theatre**, to honor the **Live Country for Kids** series. The benefit supports **St. Jude's Children's Research**, and the show featured 2005 **Conclave Legend Keith Urban**, in his first public performance since his stint in rehab.

Conclave rumor #1: who's that new guy in the Conclave Sales Director's chair? Will we find out next week?

Legendary air personality **Broadway Bill Lee**, formerly of WKTU/New York, as well as our hometown Minneapolis, has joined XM's 80's On 8 in the afternoons. He joins PD **Rick Stacy**, and another Midwest homegirl, MD **Kandy Klutch**.

Arguably the radio industry's most adorable promo was launched again this week! **Entercom's** Country WUBE (B-105.1)/Cincinnati returned with "**Bee My Valentine...Again!**" Fifteen pairs of lovebirds were chosen by the station to show up at **White Castle** in Florence, Kentucky on V-Day from 7a-9a. They'll be joined by the **B-105.1 Morning Show With Bill & Amanda** for a live broadcast, where the couples will renew their wedding vows! The **Rockford Riverhawks**, Illinois' indie minor leaguer, has moved its broadcasts to **Maverick Media** Talk WNTA-AM/Rockford for 2007. All 96 season games will air on WNTA, and **Bill Czaja** returns for his sixth season of play-by-play!

Sen. Barack Obama launches his campaign for the **Democratic Party** nomination for President with the help of Tribune Talk WGN-AM/Chicago's three-part series featuring the much-beloved senator. "**Hitting the Trail**," is hosted by anchor **Steve Bertrand**, and ends today with the 11p broadcast of the CT newscasts. Obama makes his formal candidacy announcement on Saturday.

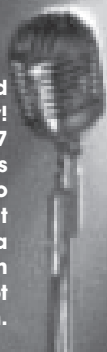

Conclave rumor #2: Why won't the Learning Conference be offering **Conclave College** on opening Thursday, this year??

Lincoln Financial's KYGO/Denver morning team of **Kelly & Mudflap** are asking their listeners to open their hearts on Valentine's Day to support our troops. The KYGO morning team spearheaded fundraising to create a giant Kelly & Mudflap KYGO Human Valentine made of listeners holding cards on Invesco Field at Mile High, the home of the **Denver Broncos**. The cards held in unison create a large heart shaped American Flag. Overhead shots will then be e-mailed to troops. (**Kelly Ford** created the vision of sending a positive message of love and support to U.S. troops all over the world. She wanted to portray it in a hands-on human level, thus the Human Valentine was born and fundraising began.)

Entercom/Indianapolis clusters united on Monday to broadcast the "**Colts Victory Parade & World Championship Rally**," from all over the city. This week **Dave Smiley** from Hot AC WZPL and his crew returned from their trek to Miami, where his **Smiley Morning Show** was partying from **Dolphin Stadium** during the Big Weekend. His updates were heard on WZPL, WNTR, and WXNT-AM.

Dean Radio TV Company has bought a pair of Iowa stations again, this time in Fairfield with KMCD-AM and Hot AC KLIK, from **Fairfield Media Group, Inc.** The deal includes \$750,000 plus 60% of certain accounts. **Dean Goodman**, owner of Dean Radio, also recently purchased AC KGRN-AM and Hot AC KRTI in Grinnell and Country KCOB-AM/FM in Newton.

Ken Mills, former **Public Radio International (PRI)** exec and now head of the **Ken Mills Agency**, has published the *2007 KMA Public & Noncommercial Radio Station Directory*. The Directory is the definitive guide to American noncommercial radio. It includes information on all four types of noncoms: public, community, college and religious stations. **Jim Duncan** from *Duncan's American Radio* was an advisor for the project. The result is detailed information about 1,158 noncommercial radio stations, with dial guides for 249 US radio markets, including contacts, financial data and HD Radio status. Also included are station "spotlights" - vignettes meant to show that terrestrial radio is alive, well and growing on the noncom side of the dial. Complete info is at www.kenmillsagency.com.

Sad news in Minneapolis this week as **The TATTLE**r has learned that former KSTP-AM sports host and **Minneapolis Star Sports** Editor **Dan Stoneking** died on January 29 of pneumonia in Chetumal, Mexico at the age of 64.

Our thoughts and prayers are with the family and friends of former WTOD-AM/Toledo Chief Engineer **Robert Sowers**, who died last week of Alzheimer's Disease at the age of 88.
