**30 Under 30 Returns to the Conclave Learning Conference!** Last year when the Conclave and Edison Media Research launched the first 30 Under 30, celebrating the 30 brightest young stars under the age of 30 in broadcasting, we had no idea what to expect or how fantastic the response would be. Says Edison CEO **Larry Rosin**, "We had no idea we would be hosting a SECOND 30 Under 30 at all. What we got in 2007 was beyond our expectations—hundreds of quality nominees, a wonderful event at the Conclave, and as the icing on the cake, **Bob Eubanks** himself instructing the '30' on the finer arts of 'whoopie'. So it is with great pleasure that we announce the start of the 2008 Edison Media Research 30 Under 30. Once again, the fine folks at the Conclave will be hosting this event, and all 30 award winners will be invited to attend the Conclave and our special award luncheon on Saturday June 28 in Minneapolis." How can you participate? Look deep within your stations, clusters and corporate offices for the next generation of bright young stars—the folks who will be carrying the torch for great radio for the next several decades. Remember, the folks at Edison aren't just interested in the under-30 broadcasters who are already stars, but those who have the potential to be the great young broadcasters of the future. As such, it will be your job to find them and let Edison know how great they are! Says Edison VP **Tom Webster**, "Though Larry, Sean and I have met a lot of smart, wonderful people in radio over the past few years, we can't know everyone—so we need you to step up and tell us why your nominee(s) deserve to be amongst this year's 30. For our part, we are going to be doing our best to make the 2008 30 the most diverse group imaginable, and we hope to get a wide assortment of men and women in programming, sales, marketing/promotions, sales and engineering. Don't assume someone else will nominate that rising young star you know—take it upon yourself to write us and tell us why they are great—and will become even greater. To help Edison reach out to as wide a variety of potential nominees as possible, they've enlisted the help of Conclave Partner *Radio and Records* to help find talent in all the various formats and disciplines they cover—so expect some phone calls from your

favorite R&R writers and editors. Nominations are open now and can be submitted simply by clicking <http://infiniteidial.com/30under30.php> and filling out the entry form. Remember—the Conclave and Edison Media Research want your young talent to be recognized as much as you do, so take the time and sell them! Nominations will run from now through the end of March. Feel free to nominate as many young broadcasters as you wish. Concludes Larry, "Thanks, and we look forward to seeing you at the Conclave in a few months!"

The **FCC** finds out February 29<sup>th</sup> if the **Supreme Court** will hear its case over their authority to fine TV stations for the broadcast of the F-word under federal indecency laws. Four of nine votes are needed to ensure the court's review. The **FCC** denied the appeal of **ABC** owned stations and their affiliates for the February 23<sup>rd</sup>, 2003 airing of **NYPD Blue** which showed a woman's bare butt. The FCC gave 40 affiliates until February 21<sup>st</sup> – only 52 hours from the appeal denial – to pay the \$27,500 fine. At the same time, it cancelled the fines to one dozen other stations. Reasons for the cancellation range from the expiration of a statute of limitation, to the fact that no one in the affiliates' market complained about the episode. The FCC rejected arguments that it gave the affiliates insufficient time to appeal the ruling; the stations noted that they only had 17 days to file their appeal, when the usual time is 30 days. The Commission doesn't have to give 30 days. What if the stations refuse to pay the fine? Well, then the FCC would have to go to district courts in each station's market to try to force them to pay up.

The **FCC's** rules about airing phone calls also apply to voicemail. The FCC issued a \$4,000 fine against **Courier Communications**, license holder for WNOV-AM for a February 2007 incident in which the cell phone voicemail greeting of then WISN-AM morning show producer **Keith Conrad** was played over the air without his permission on **Michael McGee's** "Word Warriors" show.

It's already been a year since the merger announcement of **XM/Sirius** and the **National Association of Broadcasters** has asked the FCC to block satellite radio providers from offering local broadcasting in hopes of gaining an edge for terrestrial radio. The NAB points out that both Sirius and XM have an alleged record of "misbehavior" in following FCC rules and should be banned from abusing local stations. According to NAB claims, both Sirius and XM have admitted to unauthorized or misused antennas and repeaters. The NAB has also admitted that it hopes to block other expansion moves that would provide access to satellite radio in areas which satellite radio is normally unavailable, such as Sirius' plans to install repeaters in Alaska or Hawaii. The association has often contended that a Sirius and XM union would constitute a monopoly that provides an unfair advantage against land-based radio.

# OVER 1 MILLION MYSPACE PLAYS!

**Santita Jackson** has been suspended as midday host at **Midway Talk WVON-AM** in a dispute over Black History Month features. Jackson, 44, eldest daughter of the **Rev. Jesse L. Jackson**, has been off the air since Friday with no explanation to listeners. GM **Melody Spann Cooper** would confirm only that Jackson was off for the rest of the month. "I respect Santita, I love Santita, and I look forward to her coming back on March 1st," insiders said the two-week suspension was the culmination of ongoing tension at the station. The blowup occurred, sources said, when Jackson was asked to record a series of biographical vignettes for Black History Month. She agreed to do so, but when she asked that they air only on WVON, a heated exchange with Cooper ensued. Jackson declined to comment on details of the incident, saying: "I have the highest regard for the management of the station and the legacy of WVON. I look forward to returning to the air at the beginning of March."

**Just one week left to save \$100 bucks!!** The 2008 Conclave Learning Conference's \$199 early bird registration rate is set to expire one week from today (2/29). The registration price will then increase to \$299 for Conclave '08: AT THE CROSSROADS scheduled for June 25-29 at the Minneapolis Marriott City Center. This year, the Conclave has assembled and confirmed some very exciting sessions and keynotes that will address the changing face of radio. And it also understands the economic realities of those working inside our industry. That's why the \$199 rate truly represents the best value of any conference or seminar you'll attend this year and that value is only going to get better as the Conclave announces additions to the agenda. Take a look around the industry at the prices of conference attendance for events happening in the next couple of months: \$500, \$600, \$700, or more...and some of these conferences have agendas that less than two days. Learning Conference tuition covers 5 days of learning and networking (starting Wednesday evening 6/25 and continuing through Sunday morning 6/29). Nearly 40 sessions inside of multiple learning tracks in the areas of *Formatives, Management and Programming, Technology, Life Skills* and *Promotion* - and hundreds of hand-shaking opportunities, as well! In addition, your tuition covers most of your meals and snacks (not to mention a libation or two), cocktail events and even the **Minnesota Twins-Milwaukee Brewers** game on 6/28! Try getting all THAT from any other industry gathering!! This year's learning conference also includes keynotes from the NAB's **David Rehr**, and progressive talker **Ed Shultz** as well as guests including artist **Isaac Hayes** and luncheons honoring radio's "30 Under 30", the Conclave Scholarship winners and Rockwell Award recipient, **Envision's Danno Wolkoff**. All this for less than \$200. Look around. See if you can find a better bargain for more learning in the industry. That's okay...we'll wait. Can't find one? Then, there you have it. The best bargain in the industry for a 'best bargain' price...that becomes LESS of a great bargain in one week. Register NOW at [www.theconclave.com](http://www.theconclave.com).

**Advantage Rent A Car** has announced the appointment of **Mick Anselmo** as chief operating officer of Advantage, and **Frank Dankovich** as senior vice president of fleet operations. "These highly motivated and talented executives have exceptional track records in business," said Chairman **Dennis E. Hecker**. "Each person brings unique talents that help define and grow the Advantage culture and brand. The company will continue to expand to areas that best fit its business platform, supporting primarily airport business. As we continue to open new offices and additional franchise territories, the placement of these leaders will be greatly beneficial for all Advantage associations and business partners." Anselmo, Advantage COO, was most recently president/market manager for **Clear Channel Radio** where he built and operated multiple successful radio brands.

**Clear Channel/Binghamton GM Joanne Aloï** confirms that AC WMXW and Hot AC WMRV PD **Bob Taylor** has exited. *Taylor is also a Conclave Board of Director's member.* Cluster OM **Jim Free** will take over as PD stripes for WMRV, and sister Classic Rock WBBI PD **Doug Mosher** will take on WMXW programming.

Happy Birthday, **Dave Niehaus**, you're headed for the **National Baseball Hall Of Fame**. Niehaus, a fixture in the **Seattle Mariners'** broadcast booth since they entered the **American League** as an expansion franchise in 1977, was named the 2008 winner of the **Ford C. Frick Award** on Tuesday and will be honored at the Hall of Fame Induction Ceremonies on July 27th at the Clark Sports Center in Cooperstown, N.Y. The news came on Niehaus' 73rd birthday. Niehaus follows **Denny Matthews**, the broadcaster for the **Kansas City Royals** since their debut season of 1969, into the hall. Dave is a native of Indianapolis, Indiana.

Congratulation to **Midwest Radio Group** WNCY/Green Bay/Appleton/Oshkosh for raising over \$257,000 in their radiothon to benefit **St. Jude Children's Research Hospital**. The event was held last week (2/14-2/15) during a live broadcast from Bay Park Square Mall.

**Entercom** Hot AC KALC/Denver broke format February 13-15 and hosted "**Alice's 36 Hours For Kids**," raising a record-setting \$1.5 million. The entire Alice 105.9 staff broadcast live from 6a-6p at **Denver Children's Hospital** to help raise awareness about the miracles taking place at the hospital and encourage listeners to call in to make donations or share their stories.

**Next Media** Country WCEN/Saginaw brought in over \$100,000 during their two-day (2/14-2/15) radiothon to benefit **St. Jude Children's Hospital**. Kudos to Moose PD **Joby Phillips** and his staff.

## *Fool For Love*

New Average Quarter Hour (AQH) guidelines set by **MediaBase** for becoming reporters to their charts have been announced. Mediabase will also expand its **Activator** platform. Activator reporters are stations in **Arbitron** rated markets 151-300 that report weekly airplay. Mediabase President **Rich Meyer** commented, "As markets become more competitive and fragmented, we've seen a noticeable shift in audience shares. Mediabase has always had a policy of being inclusive rather than exclusive. We have adjusted our AQH minimums for reporting status so they are reasonable and attainable." Stations will continue to be required to have one full book in format before becoming a reporter. Stations must not fall below the AQH minimum for more than one book to remain reporters. Meyer added, "Mediabase recognizes the importance of stations in all rated markets and is very pleased to be expanding this platform in 2008. There are some enormously successful small market stations and we want the entire industry to be able to view this data on a weekly basis."

**NRG Media/Omaha GM Rhonda Gerrard** has named **Judy Polacek** as the Business Manager for its seven-station cluster.

**Dial Global 24/7** announces in an exclusive arrangement with **Sparknet Communications**, it will begin offering the **JACK-FM®** radio format to stations effective March 31st. All current affiliates of **ABC Radio Networks'** version of JACK-FM® will be transitioned to Dial Global Digital 24/7.

**Midwest Communications** Country WYZO/Kalamazoo, MI debuted this past weekend on 96.5 FM, the former signal of sister Classic Hits WFAT.

**Clear Channel/Cedar Rapids** launched a new Country station as KKSX, licensed to Anamosa, on Valentine's Day as "95.7 Kiss Country." OM **JJ Cook** will be programming the new station

**MusicMaster for Windows** music scheduling software continues to grow in popularity worldwide with the expansion of private commercial radio in India. Seventy two MusicMaster installations are complete or underway with major broadcasters including **KAL Radio Ltd., South-Asia FM Ltd., Malar Publications Ltd., Malayala Manorama FM, Purvy Broadcast Pvt. Ltd., Pan India Network, and Radio Today**. "India and the surrounding region is experiencing a re-birth of traditional radio with hundreds of new licenses and operators with new ideas. It's an exciting time there for both the broadcaster and the listener and we're thrilled to be the music scheduling software of choice," said **Joe Knapp** President **A-Ware Software, Inc.**

**Sheridan Media** news reporters, KROE/Sheridan's **Ron Richter** and **Kate Fetterly**, assisted a local family in retaining their pot bellied pig through the city council process by drawing attention to the situation, after the pig appeared on the KROE Morning Show. Fetterly presented an argument on behalf of the pig's owners at third and final reading of proposed ordinance prohibiting pigs being kept as

domestic pets. So convincing was Kate that the pig's family (well...not THE pig's family but the family that owned the pig) garnered a landslide victory, allowing Vietnamese Pot Bellied Pigs within the Sheridan City limits. The pet pig, "Blanca," are now members of the North American Pot Bellied Pig Association...with the help of a morning show radio appearance and radio newperson!

Now it can be told: The destination of **Valorie Knight**, in her own words: "I'm leaving to be OM of **Journal's** Springfield, MO cluster...starting 2/25. I worked for them for 8 years in KC....and I'm moving to the same town where my mom lives! Yee ha!" Congrats, Val...and look out, Ma!

**Denver Radio Company** Adult Variety KTNI/Denver has retooled the lineup and changed formats, switching to AAA under OM/PD **Tim Maranville**. Meanwhile, recently morphed sister KSYX, now a Top 40/Mainstream outlet, will soon have new calls, KONN (pending FCC approval), to match its "ONE FM" moniker.

**North Dakota State University** added **Clear Channel** Talk KFYZ/Bismarck to the **Bison Radio Network** of stations starting with the 2008 football season.

**Hicks Rock WRBR/South Bend, IN PD Ron Stryker** moves to sister stations WTRC and WLEG/Elkhart, IN as OM. The new WRBR PD is current on-air personality **Tommy Carroll**.

**Todd Mundt**, Dir./Content and Media at **Iowa Public Radio** for the last 18 months is soon to be the Dir./New Media Strategies at **Public Radio Partnership** in Louisville. Mundt was key in the reorganization of Iowa stations into a state-wide network. A native of Iowa, Mundt had previously been at **Michigan Public Radio**. He is secretary of the PRPD Board of Directors.

Our sincerest condolences to former KDWB/Minneapolis and new **Emmis** Top 40 WNOU/Indianapolis morning man **Scotty Davis** and his family on the sudden loss of his sister Amanda Diane Davis (2/13) following a fatal car accident. Scotty begins mornings on WNOU this Monday (2/25).
