A record crowd showed up for this year's **Conclave** "TalenTrak 2008" at Columbia College in Chicago last weekend. A rather large THANK YOU to former WLUP PD and TalenTrak Trakmaster **Bill Klapproth**, who helped organize and orchestrate the event. The morning started off with, "Anatomy of a Winning Air Talent," and featured **J Pat Miller** PD of KSRZ/Omaha and **Norm Winer** of WXRT/Chicago. Next came, "Spot on Production," led by Bonneville/Chicago's **Matt Bisbee** and WLUP's **Brian Rhodes** followed by, "Succeeding Wildly in Spite of Myself," a session steeped in the playful sarcasm of legend **Larry Lujack**. The luncheon presentation featured the high energy and passion that only WLUP superstar **Jonathon Brandmeier** could bring (a session marked with several playful interchanges between Brandmeier and Lujack). Later in the day, the Aircheck Clinic proved to be as eye (ear?)-opening to TalenTrakkers as it was intense. The final session gathered students and faculty for a comprehensive Q&A, prefaced by an immensely helpful exposé on Show Prep tips with **Jay Philpott**. *Commentary: The magic of mentoring was alive and well on Saturday, as over 100 students and faculty gathered at The Conclave's TalenTrak '08 in Chicago to learn, to share and to inspire. But more than anything, each of those 100 individuals represented a singular flame of hope — great hope — for the future of our industry... hope that many mistakenly believe is missing from our industry. That made the day as special as any I have had the privilege of experiencing in my tenure with the Conclave! - TK*

Former **Clear Channel**/Minneapolis boss **Mick Anselmo** is back and **CBS**/Minneapolis is giddy to have him! Anselmo was named SVP/Market Manager for the 3-station cluster effective December 1st. During his year away from radio, Mick was COO of **Advantage Rent-A-Car**. To make room, **Mary Niemeyer** transitions to VP/Director of Sales and GSM of WCCO-AM. Said CBS EVP/Operations Scott Herman, "When it comes to Minneapolis radio leadership there is no name bigger than Mick Anselmo. Over 23 years, culminating in his role as President & Market Manager for **Clear Channel Radio/Minneapolis**, Mick has a proven history of leadership, transforming radio stations into winners and generating terrific ratings and revenue performance along the way. Mick has successfully dealt with acquisitions and mergers, having

managed stations for Am/Fm, **Chancellor**, **Shamrock** and **Malrite** ... all in Minneapolis, North Dakota and South Dakota. Mick's reputation for developing talent, managing brands, improving performance and operational excellence makes him the perfect choice to lead our cluster at this time." While many speculated the appointment had been in the works for some time, Mick's appointment came together quickly. Mick tells The TATTLE R, "It all came together within the last two weeks. In fact, even after I met with Scott Herman and **Dan Mason**, I was still unsure of where exactly they wanted me at CBS." I guess we know now, Mick!

The Radio Hall of Fame Class of 2008 was inducted Saturday, November 8th in Chicago with **Art Bell**, **Jess Cain**, **Howie Carr**, **Bob Collins**, **Michael Luckhoff**, **Dick Wittinghill**, **Charlie Tuna** (who was introduced by TalenTrak keynoter and HOF'er himself, **Larry Lujack**) and the controversial **Dr. James Dobson** of "Focus on the Family" were all honored.

Ethan Handel, former **Missouri Valley Broadcasting** Country KMMO-AM & FM/Marshall, MO sports and weather reporter, has been sentenced to 10 years in federal prison on sex charges. He pleaded guilty last spring to using the Net to entice a 14-year-old girl for sex. He was arrested in July in Independence, MO after arriving at what he expected would be a meeting with the girl, who turned out to be an undercover detective.

The 21st Annual **Spectrum Awards** were held by the **Indiana Broadcasters Assoc.** last Saturday in Indianapolis. Station of the Year winners according to market size, were: **Cumulus** Country WFMS/Indianapolis, **Oasis** Country WBTU/Ft. Wayne and **D.R. Rice** Country WMPI/Scottsburg, IN. Also taking prizes home were WTHI/Terre Haute, WSCH/Aurora and WLJE/Valparaiso.

When will the **Bush** appointees leave the **FCC**? President-elect **Barack Obama** can name a replacement for Chairman **Kevin Martin** (R) as soon as he is sworn in on January 20th. Normally, the incumbent FCC chairman steps down when a new administration assumes control. Not this nutcase. "I don't have any plans to be going anywhere yet," Martin said. Pressed for more, he said. "I'm saying I don't have any plans." When he does leave, FCC Democrats **Michael Copps** and former Conclave Keynote **Jonathan Adelstein** could work quickly to enact a range of new policies. Obama will likely name either Copps or Adelstein as Interim FCC chairman while he looks for his own chairman.

A Federal Judge this week dismissed claims that major labels conspired on digital music pricing levels. The charged were brought forth from a consolidated group of consumers who alleged price gouging specifically for downloads and CD's. The suit names major labels: **Sony**, **Universal**, **EMI** and **Warner** and accuses the companies of using joint ventures and third-party agreements to maintain elevated wholesale prices on paid downloads. The charges were firmly denied by the labels.

NAB Pres./CEO **David Rehr**, 2008 Conclave Learning Conference keynote reached out to President-elect **Barack Obama** on behalf of the industry, saying, "There are more than 15,000 local radio and television stations in the U.S., employing nearly 250,000 hard working Americans. These stations serve their communities through public service, local news, entertaining programming and vital community information — such as emergency warnings, traffic information and severe weather alerts." Rehr also mentioned the "massive consumer education efforts" the NAB has undertaken during the imminent transition to DTV. *Commentary: Let's see how friendly Rehr might continue to be with our President-elect after Obama and the new FCC work to enact new localism regulations...almost a sure bet in the coming year. - TK*

In the meantime, the **Radio Television News Directors Association** sent a letter to President -elect **Barack Obama** pleading for immediate steps to ensure open government, allow access to information and strengthen the Freedom of Information Act. The letter outlined a plan for the new administration that "would reverse the climate of secrecy in Washington."

Improving the 18-34 data was key during the **Arbitron Advisory Council's** conference call this week. Arbitron announced an aggressive outreach to cell-phone only households in 50 diary markets, starting this spring. The list expands to 75 diary markets in the fall with the goal to eventually expand to all diary markets. The 40-market expansion for spring was picked because of needed improvements in their 18-34 data.

Arbitron announced the results of the 2008 Arbitron Radio Advisory Council elections with **CBS** SVP/Western Mid-sized markets **Lisa Decker** replacing **NRG Media** COO **Chuck Ducoty** as Chairman. **Radio One**/Houston VP/GM **Doug Abernethy** grabs VP stripes. The following were elected to a 3-year term beginning in January 2009: WHTA/Atlanta's **Bruce Demps** (Black/Urban Top 100). WQXI-AM and WSTR/

Atlanta's **Doug Benson** (Continuous Service Markets 1-50). WDWS-AM and WHMS/Champaign's **Mike Haile** (Small Market Condensed). Also appointed to the Arbitron Radio Advisory Council: **KATZ Media** EVP **Gerry Boehme** (Research), **Radio Advertising Bureau** President/CEO **Jeff Haley** (At Large), **Clear Channel** SVP/Research **Lucy Hughes** (Top 5 group) and **Greater Media** VP/Program Development **Buzz Knight** (Group Programming).

Deaf and hard of hearing people may soon be able to experience live radio coverage for the first time with the future of captioned radio broadcasts. Seven stations across the country displayed the technology during election night. "The telecast demonstrated the enormous potential of digital radio and how it can reach new audiences," said **Harris Corporation** Chairman/Pres./CEO **Howard L. Lance**. "HD Radio's benefits extend well beyond clearer signals and better sound — it sends data, scrolling real-time text, even images. This telecast ushers in a whole new era of radio that can now finally be experienced by millions of deaf and hard-of-hearing people."

CBS Oldies WOMC/Detroit hosted its fourth annual "Military Moms Luncheon" on Veterans Day to thank moms whose sons and daughters are risking their lives to protect and serve our blessed nation. WOMC GM **Debbie Kenyon** said, "This is just a small token of our appreciation for what Detroit moms sons and daughters have done for our country."

Saga AC KLTJ/Des Moines flipped to Christmas music earlier this week. This is the station's seventh year of "Rockin' Around the Christmas Tree."

Clear Channel Oldies KQQL/Minneapolis also flipped today to the "Twin Cities' Christmas favorites."
