Entercom is flipping AC KUDL/Kansas City to a simulcast of Talk KMBZ-AM. The switch to "Newsradio 980 ... And Now 98.1 KMBZ" will take place next Wednesday at 2p (CT). Said PD **Neil Larrimore**, "This is a very exciting time for KMBZ and the Kansas City community! KMBZ is Kansas City's leader when it comes to news, information and critical thought, and this move offers the information-hungry Kansas City market one more way to connect with KMBZ in addition to the AM signal, and our comprehensive online, text and social media news product. It completes the picture. It's a bigger, better KMBZ." KUDL is simulcasting sister AC KGEX (99.7 The Point) pending the flip to Talk. **Mark Edwards**, KUDL PD, has been busily putting the Point together. Says Mark the past and future of the Point and his duties, "I've been building The Point from scratch the last few weeks and will be just doing that station with a lot of attention to detail."

PRI and **American Public Media** are unsettled by the House bill introduced last week to cut off funding for **NPR**. The Minnesota-based organization says, "H.R. 1076 also prohibits stations from using [federal] money to purchase shows from other distributors, including Public Radio International and American Public Media." PRI is "appalled" by the passage, last week, of Colorado Republican **Doug Lamborn's** bill to penalize NPR. Cousin **American Public Media** says "the bill would affect the entire public radio system, and not just NPR, as it is being presented." This is the most serious threat public radio's had to face, even more than the 1995 attack by **Newt Gingrich**. However, the Senate's a friendlier place, with Majority Leader **Harry Reid** (D-NV) saying "I listen to NPR

everyday." Public Radio also apparently has a friend in the White House.

Whether the discussion centers on the non-commercial or public stations to the left of the FM dial, or the big commercial stations on the rest of it, every member of the spectrum is challenged. Click on <https://www1.gotomeeting.com/register/210690961> to join up! Our guests all have extensive experience in both commercial and non-commercial radio: **Jim McGuinn**, PD of Minnesota Public Radio's "The Current" - KCMP/Minneapolis...**Brad Savage**, PD of Saga Communications' "The Corner" - WCNR/Charlottesville...**Ron Gerber**, Show Host (Crap from The Past) on Fresh Air, Incorporated's KFAI/Minneapolis. As always, this webinar will be hosted by Conclave Board member and The Arch/St. Louis air talent, **Jay Philpott**.

The tower of **NBC** affiliate WEAU-TV/Eau Claire, WI collapsed and took down the antenna of **Maverick Media** Country WAXX with it. The tower, in Fairchild, WI came down Tuesday night; the reason for the collapse is unclear, although the TV station notes the weather was windy and icy. WAXX is being heard on the 92.9 FM Class A signal of sister Classic Rock WECL until it can make other arrangements. WECL's regular format continues as an Internet-only stream for now.

A low-power, nonprofit radio station, WCYC/London, OH has been silenced after burglars broke in and stole almost all of the equipment. The value of the missing equipment is estimated to be from \$3-4k. "There's stuff all over the floor," said Sports Director **Rick Hartman**. "I noticed immediately the board was missing. Our microphones are missing. Our headphones are gone. Our monitor equipment, everything basically we use to produce our radio sound is gone." Hartman and PD **Ron Otto** believe the burglary occurred sometime between 9p Sunday and 6a Monday. Three soundboards, three microphones, three headphones, speakers and other equipment were stolen.

Oprah Winfrey, one of Illinois' most renowned broadcasters, will be inducted into the **Illinois Broadcasters Hall of Fame**. Winfrey will enter the Hall as its sole inductee at luncheon ceremonies May 3rd. "Oprah is the epitome of broadcasting excellence," said IBA Pres./CEO **Dennis Lyle**. "How fortunate for us that she chose Illinois to remain her stage through each phase of her career that has seen her skyrocket from local talk show host to national treasure to the global media personality she's become today."

After the inspiration for the song "Peggy Sue" and an author of a new book about the tragedy appeared on his show last Thursday (3.17), **Talk Radio Network-FM/Dial Global** host – and former Conclave keynoter - **Erich "Mancow" Muller** is now on board with the movement to reopen the investigation into the plane crash that killed **Buddy Holly, J.P. "The Big Bopper" Richardson** and **Richie Valens** on February 3rd, 1959 in Iowa. Mancow hosted **Peggy Sue Geron** and "Hey Buddy" author **Gary W. Moore** for a discussion of suspicious circumstances involving the flight. Geron said that the charter plane owner referred to the pilot, **Roger Peterson**, who also died in the crash, as "incapacitated," while Moore called for an inspection of the remaining wreckage and has established a petition asking for investigations into the crash. Mancow said that he is "calling for the re-opening of the investigation into this crash."

The Media Access Project filed a **Petition for Rulemaking** asking the **FCC** to require all ads regarding elections or "other controversial issues of public importance" to disclose the identity of the parties funding the entities purchasing the time. The group is proposing a new rule to require such disclosure and to add a requirement that broadcasters get sworn statements from political advertisers as to their largest sources of funding and place the statements in their public files.

"(T)here has been a new wave in spending for political and issue advertisements by organizations which are not required to disclose the identities of their donors. Existing campaign finance and **IRS** regulations allow organizations which are often hollow shells for one or a few organizations or individuals to purchase commercials without identifying the source of their funding...The current rules have not ensured meaningful disclosure for political ads due largely to the Commission's current, limited interpretation of the meaning of sponsorship."

A benefit for former **Clear Channel** Talk WLV-AM/Cincinnati mainstay **Gary Burbank's Play It Forward Foundation** will honor two other former WLV personalities, **Mike McConnell** and **Eddie Fingers**. The event is scheduled for March 26th. Fingers, who exited WLV on October 8th, said, "I didn't have a chance to say goodbye. This is a great cause and we're going to have fun."

Clear Channel AAA KBCO/Denver received the **Colorado Broadcasters Association Award of Excellence** in the "Best Radio Station Sponsored Community Event" category. The award honors a KBCO concert to raise funds for families and individuals affected by fires last year. All proceeds from the concert went directly to the **Boulder Mountain Fire Relief Fund** established by the Community Foundation Serving Boulder County. The fund supported local fire departments and residents whose lives were impacted.

GOT AN OPINION? WIN AN IPAD! Help the **Conclave** determine how radio perceives - and uses - audio processing as a competitive weapon. Participate in a survey that will become the basis for an audio processing Conclave Webinar – *IT'S A PROCESS* - on Wednesday, May 4th. As new technological platforms compete with over-the-air radio for an audience, it has become imperative that radio use every tool in its arsenal to win and keep listeners. The results of this study will become a key component of the May 4th Conclave Webinar – *IT'S A PROCESS!* - revealing the role audio processing can play in radio's quest to grow an audience in 2011 and beyond. The questions asked during this less-than-5 minute survey will allow you to share your opinion about audio processing and have you view its current and future impact on your programming. Then, watch your vote count during *IT'S A PROCESS* in May! All participants can elect to receive an executive summary of the survey results and be entered to win an **Apple - iPad® 2**, Wi-Fi - 16GB courtesy of Conclave partner **Alethea Research** in a random drawing at the conclusion of the survey. Click on <http://www.zoomerang.com/Survey/WEB22BYH8B797N> to take the survey.

Next Media AC WZSR/Chicago helped local **Girl Scout Troop 1347** raise \$1,200 by broadcasting in front of a Walgreen's drug store helping them replace \$417 that was stolen from their cash box during a recent cookie sale at the store. Girl Scout Troop 1347 sent the extra money to the **Girl Scouts of Japan**, who are dealing with the aftermath of the earthquake and tsunami.

Radio One Top 40 WNOU/Indianapolis PD Rayne stopped cutting his hair in January 2010, in anticipation of taking part in the annual **St. Baldrick's Conquer Kids Cancer** fundraiser. He took part to honor the memory of his friend and co-worker **Don Payne** who was diagnosed with pancreatic cancer last year and succumbed in January. Rayne raised almost \$2k for the charity and on St. Patrick's Day, two clippers sliced off his Samson-length locks. But, they didn't just simply shave it off. Along the way, Rayne's hair went through a couple popular styles, including the "mullet" and "rat tail."

The Leadership Committee helps identify the needs of the community and encourages the media to support public-service campaigns that are most relevant to the Detroit media market.

Kyle Guderian, OM for The Loop & Q101/Chicago checks in with some news: "Please join me in congratulating **Nicole Gamboa** as she assumes the role of Music Director for Q101 while continuing as Music Director for The Loop! Nicole is a true asset to the programming department and we know she'll bring her usual attentiveness and professionalism to this position. Previous Music Director, **Tim Virgin**, is relinquishing his duties to focus on his #1 rated afternoon drive show. Look for Nicole to transition into Tim's office in the near future. Also, I'm happy to announce that **Tim Pogo** has accepted the position of full-time night host for Q101 effective Monday, April 11th. Along with hosting TV shows, dj'ing all over Chicago, blogging, taking concert photos for our website, and traveling the world, Pogo has successfully been doing weekends/fill-in for Q101 since 2004. Along with being an overall swell guy, his knowledge of the music, interviewing/video skills, and deep roots in the Chicago music & entertainment scene definitely make him a welcome addition to our full-time air staff. Prior to Q101, Pogo spent time at satellite radio and WHFS in Washington, DC."

Journal Rock KICT/Wichita, KS and sister Classic Rock KFXI PD **Ray Michaels** exits.
