"Received by many. Understood by few!"

Clear Channel/Fargo employee James Holm, producer for the Ed Schulz Show on Jones/Democracy Radio, was among the 42 people who missed out on the orating skills of President Bush on February 3rd in Fargo. Holm and at least 33 others on the "denied entry" list were identified as either current or past members of the Fargo-Moorhead Democracy for America MeetUp Group...including a Fargo City Council member. Liberal activist groups have been at odds with White House officials for months now as they continue to be barred from Bush speeches and town hall meetings. Comment: It's puzzling to witness our President's oft-stated quest for "freedom" and "liberty" extended to nations like Iraq, but not to U.S. citizens of North Dakota who apparently do not possess the freedom nor liberty to see and hear their own head of state.

Three Decades of Rockwells! Since 1989, the Conclave Learning Conference has proudly presented a very special award to individuals who have unselfishly given back to the industry in which they serve. The Rockwell Award will again be presented at the 30th Anniversary Learning Conference in Minneapolis, July 21-24, 2005. For the first time in Conclave history, YOU are being given the chance to nominate someone you feel is deserving of this prestigious mark of distinction for our industry. The Rockwell Award is a lifetime achievement tribute those who have contributed to the Radio and Record industry through inspiration and mentoring, achieving

personal goals while guiding others to their highest level of achievement. Past recipients include the likes of the Conclave's founder Doug Lee, Midco's Larry Bentson, Barnstable's Peter McLane, Troy Research' Jonathan Little, and All-Access' Joel Denver (for a complete list, visit www.theconclave.com). Today is the last day you can nominate a candidate! Please send his or her name along with a brief explanation of why they deserve a Rockwell to Lester St. James - PD of Journal/Omaha's KEZO and the Conclave Rockwell Awards chairperson at lstjames@journalbroadcastgroup.com or by calling (402) 898-5316.

The Tattler reported last week about Clear Channel Top 40 WKFS/Cincinnati Grammy-trip promotion spearheaded by night jock Jordan. The promotion involved six listeners making up "Jordan's Chain Gang"...yup, they were literally chained to the host for four days! Hilarity ensued, what with the basketball games and bathroom trips...but 24 year old Karla has emerged victorious! The lucky listener will enjoy a trip to the up-coming Grammy's. Congrats!

Rumor: Has yet another significant radio group quietly tossed independent promoters out the door by enacting a policy prohibiting their stations from cutting deals with per-station indies? And is one more major label putting policies in effect which severely limit its dealings with indie promoters while clamping down on what it's employees may offer radio? Like we said last month...the **Spitzer** investigation will continue to make waves throughout the industry.

TATTLER Becomes a Nashville Cat. It's not often **THE TATTLER** is quoted in other publications (they have this thing about libel and slander). But last Sunday's *Nashville Tennessean* featured some comprehensive stories regarding the current radio/record relationship, how labels use spins to influence charts, and a sidebar article which includes a take on the **Eliot Spitzer** investigations we commented on a couple weeks ago. Check out the series of articles written by **Jeanne Naujeck**, which include some fairly non-controversial **Tom Kay** reflections at http://www.tennessean.com/local/archives/05/01/64903626.shtml?Element_ID=64903626.
