Like a storm brewing over the prairie, Thursday June 28th at the 32nd Annual Learning Conference will be packing quite an opening punch! **CONCLAVE 007: RADIO UNDER CONSTRUCTION** has revealed a top-notch line-up of sessions for Day One of the Learning Conference June 28-July 1 at the Marriott City Center in Minneapolis. Thursday, June 28th, kicks off with an incredible **McVay Media Summit** with hard-hitting, factual and fun sessions like "Marketing That Works", "The Impact of Present Day Ratings and the PPM" and "Talking To Women." Following the Summit will be the traditional Newcomers Welcome Room, along with the Air Talent Coaching Clinic presented by the **Audience Development Group**. The afternoon is devoted to the **Promotion Summit** presented by **PromoSuite** and **R&R**. How can you NOT learn at sessions like "Branding Your Radio Station," "No-Budget Marketing And Promotions", "Marketing To Women", and "E-Mail Marketing That Works". Then, it's on to a Conclave first, **The BMI Songwriters Forum/ The Making Of A Hit** with noted hitmakers **Jeffrey Steele** and **Bob DiPiero**! Capping the day will be the long-standing favorite networking opportunity for so many attendees, The Welcome Gathering presented by **Lincoln Financial Media**! Details and faculty of these impacting sessions will be found at <http://www.theconclave.com/conclaveagenda.asp>! Maximize your learning by taking advantage of the early-bird tuition rate that expires in just 10 days. Until May 1, entrance into the industry's premier learning conference is only \$199 (it jumps \$100 bucks on 5/2; you do the math!!). Or take advantage of our special construction group rates of \$350 for two, \$450 for three or \$700 for five people. But remember, these rates are also effective only until May 1, 2007! Register by calling 952-927-4487 or via www.theconclave.com to get in at these very special rates.

New **CBS** President **Dan Mason** has taken the reigns this week, enthusiastic even after CBS's **Imus** fiasco. Mason will be working hard on the station's public image and ways to bring in more moolah. He'll also be expanding the Internet presence of the station in an effort to remain a prominent player in ever-increasing satellite radio and mobile music world. Mason commented, "It's been an unusual chain of events, there's no doubt about that." In all the hubbub, Mason has not yet addressed his employees, only the management of CBS, although he will do so this week. He plans to promote a focus of local content and

worldwide distribution. Many of the 144 CBS stations are having ratings difficulties at this time, but Mason chalks it up to programming inertia. "I'm going to give the programmers and general managers at the station level a lot of autonomy over content. I want the focus to be local and have the corporation pull up rather than push down programming."

For the first time in 30 years, **Don Imus** is unemployed. But he looks forward to the future with confidence: he told **Newsweek** in an email this past week, "I could go to work tomorrow. Bigger deal. More money. TV simulcast...I've got a summer of kids to cowboy with and then we'll see." Imus added that he knows he was wrong and he has a lot to make up for. He added, "I'm a good and decent person who made a mistake in the context of comedy. My strength comes from not being full of sh—, and a coward."

FTP Corp Talk KCAA-AM/San Bernardino launched a "**Best of Imus**" program this week, starting with the very program that landed the shock jock in hot water to begin with. Said KCAA-AM Chairman **Fred Lundgren**, "Unless we get a court order to cease and desist, we're going to run it. I'm not going to let networks dictate to me how I run my station."

The **2007 Crystal Radio Awards**, sponsored by the **NAB**, were awarded this week at the **Radio Luncheon** in Vegas! Congratulations to the following Mid-west stations: KBHP/Bemidji; WFYR/Peoria; KLGR-AM/Redwood Falls; WTAM-AM/Cleveland; KSTP-FM/St. Paul-Minneapolis; KOA-AM/Denver; and WJJY/Brainerd.

NAB Pres/CEO David K. Rehr called for big changes in broadcasting this week at the opening session of **NAB2007** in Las Vegas. Citing it as time to "reframe and rebrand," he painted the broadcasting industry as "a new business for a new age with a great future." The welcome speech included a call to do away with terms he finds weak and outdated, like "terrestrial radio" with more attractive wording, from a marketing standpoint. Rehr pointed to coming year as "phase 2" in a revamping project of the NAB, and said that it will be framing issues and redefining words and terms to better market to listeners and serve broadcasters' needs. He pointed the finger at record labels "taxing" radio stations for playing and promoting their music, saying "performance rights" are "wrong" and "We will fight it with everything we have." Rehr also opined that the proposed satellite merger between Sirius and XM will "not be approved," but added, "It is not a merger they seek, but a monopoly." Finally, Rehr accused the companies of a deal that "is about lining the pockets of financiers, lawyers, and corporate executives." During the speech, Rehr also said that **NBC Universal** is joining the organization, an important move because "we are set to do battle, but we all know we can't do it alone." The networks currently involved with NAB are **Disney/ABC, Univision, and Ion Media Networks**.

1991 **Conclave** scholarship winner **Shannon Knapp** (nee **Shannon Holmes**), can now be seen on the **International Fight League** show on Channel 29 on Mondays, from 8pm-10pm. The Conclave is proud of her accomplishments!

The **Ft. Wayne Radio Corp.** made the change this week from Regional Mexican WSHY/Ft. Wayne to Rhythmic Oldies 106.3 The Vibe, Classic Dance. Director/Programming **Phil Becker**, who currently takes care of things at WJFX, will be taking on duties at The Vibe as well, and doing some morning drive time. Middays will be anchored by **Keith Harris**, and afternoon jock **Randy Alomar** makes the switch to afternoons for The Vibe. Spin doctor **Jack Holiday** will be taking care of nights, while **Joe Hoffman** does the late, late hours. Back at WJFX, **Weasel** continues his APD/MD/morning duties. **Chris Cruise** is still the night owl, and the new face of Mia will be on board. **Mia** comes to us from Atlanta, and the other new face is **Pierre**, coming from Orlando.

What lies on the horizon for quirky **American Idol** contestant **Sanjaya Malakar**? A cool ten grand, if **Eddie, Jobo**, and **Erica** from **CBS Top 40/Rhythmic WBBM-FM/Chicago** have anything to do with it! The trio has pooled their efforts to raise \$10,000 to pay the songster to host the show with them for a week. So far, they've heard no response.

As we approach the 32nd annual Learning Conference in June, it should be remembered that the event would not be happening if it were not for the support of major sponsors of the Conclave, like Platinum Partner – **Radio & Records**. Partners: **Arbitron, AudioXChange/BitXChange, Brown College, Edison Media Research, Jones Radio Networks, Lincoln Financial Media, McNally-Smith College of Music, MediaSpan, MusicMaster, Nielsen Entertainment/BDS Radio, PromoSuite, RCS, Specs Howard School for Communication Arts, and Troy Research.**

Paris Bennett popped up on the Minneapolis airwaves this past week. The former **American Idol** contestant appeared on the **Radio One Top 40/Rhythmic KTTB/Minneapolis** with morning guy **Tone E. Fly**, and even got online gossip zine **TMZ.com** to cover her. She espoused Idol as “a joke” and that she and some other former contestants are frequenting the site **Votefortheworst.com** to sway the results. Said Bennett, “We want to see him win because it’ll kind of prove that “American Idol” is losing it’s taste. It kinda isn’t going for talent anymore and more for popularity.” (Editor’s note: So that’s a *new* thing for AI?) Speaking of Idol and Mr. Fly, **Tone E.** is determined to get booted **American Idol** contestant **Sanjaya Malakar** on his morning show. After his recent interview with former Idol contestant **Paris Bennett**, he’s decided to take his “Idol” idolization to the next level; he’s started the “**Help Fly Hire Sanjaya**” fund. Several listeners have offered donations to the project, and at the time of this writing the fund is up to \$5096.00 and counting.

Three Eagles Communications is selling another station that it recently purchased from **Clear Channel**; Classic Rock **KXLP/New Ulm** is going to **Minnesota Valley Broadcasting**, owned by **John Linder**, for \$3,132,50. Linder also own seven other stations in Southern Minnesota. Other sales filed with the **FCC** this week include **George S. Flinn Jr.’s Broadcasting For The Challenged** to the **Educational Media**

Foundation for \$400,000 in a promissory note. One Mid-west station is included in this sale, **WICE** in Ironwood, MI.

The technological debut of **Jetcast** was unveiled at press briefings at the **NAB** convention in Las Vegas this week. The new technology makes it possible to have high-bandwidth, high-quality streaming at a fixed cost per month. Said Jetcast Research and Software spokesman **Michael Dalfonzo**, “Saving big money is a no-brainer, plain and simple. Stations are quite eager to hear about economical streaming ideas, but at the same time, Jetcast’s new technology increases stations’ bandwidth for high audio quality.” He added, “We WILL be present at June’s Conclave Learning Conference to explain our streaming innovations!”

LA morning legend **Rick Dees** was inducted into the **NAB’s Broadcasting Hall of Fame**. Dees now takes care of mornings for **KMVN/LA**, and was previously heard on **KIIS** and **KHJ-AM** after a stint in Memphis. **Brian Cooley**, Editor-at-large for **CNET.com** was the keynoter. Cooley spoke of the effects of audience “fracture” and competition from new net technology.

Mel Karmazin, Sirius Satellite CEO, was back again to testify before the senate **Commerce Committee** for another round of questioning. He told the panel, “The merger will allow us to lower prices.” He reiterated his plan of action to let customers take the option of fewer programming options for less than the standard \$12.95 per month, and also hit home his belief that the “relevant market,” is the “audio entertainment market,” in which he includes terrestrial radio and the Internet. According to Karmazin, “The merged entity will be able to offer consumers access to advance technology sooner than would otherwise occur. In particular, the marriage of the companies’ two engineering organizations will ensure better results from each dollar invested in research and development. No radio will become obsolete as a result of this transaction, but the merger will stimulate the development of new interoperable, highly portable, low-cost, and user-friendly devices.” There is still much skepticism among the members of the panel. Senator **Byron Dorgan** of North Dakota stated, “I do not support the merger...I believe the merger by definition will mean less competition.”

Changes. Craig Russell, formerly of **Cumulus Top 40 KKHQ/Waterloo**, has taken over the mic at the **Fox Breakfast Show** on **Northern Broadcasting** Classic Hits **WFDX & WFCX/Traverse City**. Craig is replacing **Mark Elliott** who is now heading to **South Central AC WIKY/ Evansville** as PD of afternoons...**Todd Bradley** is leaving **Radio Ohio Sports WBNS-AM/Columbus, OH** as APD...Afternoon personality **Scott Lepp**, aka **Scotty Mac**, has taken a position as Production Director/afternoon duties at **Peason Broadcasting** Country **KCLQ/Lebanon, MO**, beginning April 30. He just left his post at **Missouri Valley Broadcasting** Country **KMMO/Marshall, MO**.

**This agenda subject to change without notice*

THANK YOU Platinum Partner – *Radio & Record and Partners* Arbitron, AudioXChange/BitXChange, BMI, Brown College, Jones Radio Networks, Lincoln Financial Media, McNally-Smith College of Music, MediaSpan, MediaMaster, Nielsen Entertainment/BDS Radio, PromoSuite, RCS, Specs Howard School for Communication Arts, Edison Media Research, Envision Radio, and Troy Research!!

June 28-July 1, 2007 • Marriott City Center Hotel • Tuition \$199/Group Rates NOW AVAILABLE • www.theconclave.com

Equipment sales related to the **International Portable People Meter** have boosted **Arbitron's** first quarter 2007 revenue, up 7.9% to \$91.8 million. **Pres./CEO Stephen Morris** noted, "Arbitron is focusing its attention and its resources on the rollout of the Portable People Meter ratings service, which went live in Philadelphia last month. Our primary goal in 2007 is to execute successfully the initial markets in our PPM rollout, continue our steady progress toward **MRC** accreditation for all PPM markets, and work with the radio industry to make the transition to electronic measurement as smooth as possible. With **The Nielsen Company**, we continue to invest in the development of **Project Apollo** with a goal of reach a decision about implementation in the second half of the year. While initial results show promise, we still have further work to do to demonstrate the value of Project Apollo for advertisers and the media as well as to complete a workable business plan for Arbitron and The Nielsen Company." Arbitron expects revenue to increase between 5.5% and 7.5% compared with last year.

The **Clear Channel Communications, Inc.** sale is far from being a done deal. The plan to own the nation's largest radio broadcasting firm was enhanced just before a shareholder vote, when the company agreed to a better takeover at \$39/share from private equity investors. The deal is valued at \$19.5 billion. However, there are at least three stakeholders who are against the new deal; **Fidelity Investments** will definitely vote against the new proposal, said a company spokesperson. **Highfields Capital Management**, out of Boston, will also reject the deal, feeling that it's undervalued. Both companies control 15% of Clear Channel's shares, and the deal requires a two-thirds approval, which gives the opponents considerable power in the decision. **The California Public Employees' Retirement System** has also joined in its dissent of the deal.

Allen Bickle's Wellsprings Harvest Ministries has sold its Religion KFEL-AM/Pueblo, CO to **Kansas City Catholic Radio Network** for a reported \$450,000. The Kansas City company also own Religion KEXS/Excelsior Springs, MO-Kansas City and KAHS-AM/EI Dorado, KS-Wichita. The broker for the deal was **John Pierce & Co.'s Jamie Rasnick**.

Over \$89,380.81 was raised for the "9th Annual 28 Hours of Hope" by **Regent Broadcasting's** Country KUAD/Ft. Collins, CO. **Brian Gary** and **Todd Harding** of "The K99 Good Morning Guys" drummed up hundreds of pledges and a donation of \$10,000 from Colorado's new lottery winner **Bettina Cribari**. Proceeds will go to local abuse prevention centers of the callers' choice. Good work, guys!

Radio legend and former **Conclave** keynoter **Glenn Beck**, of **Premiere Radio Networks**, will be on tour starting in Boise, ID on June 2nd. The tour, entitled "An Inconvenient Tour" will go through a total of nine cities: Boise, Philadelphia, Syracuse, Columbus, St. Louis, Dallas, San Antonio, Rochester, and Columbia. Tickets go on sale April 30. The stage show parodies **Al Gore's** Academy-award winning documentary "An Inconvenient Truth," but takes on many other issues as well.

Milwaukee Sports Radio 1250 will now be the new home of the **2007 University of Wisconsin Spring Football Game**. The game is an annual event, and this year will take place this Saturday, the 21st, at ten of three, central time. Said WSSP Program Directory **Ryan Maguire**, "After on of the best seasons in school history, we understand that interest in UW Football is at an all time high. We're thrilled to provide Badger fans in Milwaukee the first look at the 2007 team." The anchors of the game will be **Matt Lepay** and **Mike Lucas**, who also do regular season play by play. The game is also being broadcast on the UW flagship station, **WIBA-AM 1310** in Madison.

Eight **Media Best Awards** from the **Minnesota Broadcasters Association** were given this week to honor **Regent Communication's** St. Cloud radio cluster. Five news awards were given, as well as a community service award. The cluster raised money this year for a new police dog, car, and training for the city of Sauk Rapids. The cluster also received an award for commercial production, and for a promotion called "Scareview Gardens," which raised money for the **Coborn Cancer Fund**. Congrats to the following stations in the cluster: **WWJO, KLZZ, KMXX, KKSJ, WJON, and KXSS**.

Rev. Al Sharpton, keynoter at **The Conclave Learning Conference 2006**, has rescinded his plans to honor **Island Def Jam CEO Antonio "L.A." Reid**. Rap music is under severe scrutiny in the aftermath of the **Don Imus** scandal. Sharpton was previously scheduled to honor Reid with the **James Brown Memorial Cultural Impact Award** during his **National Action Network's** annual four-day conference, beginning today in New York. He feels at this time he must withdraw his support because of criticism over the lyrics of rap music, and plans to target corporations that support "gutter" rap. Several artists currently signed with Reid's label include **Jay-Z, Ludacris, and Young Jeezy**.
